If an existing project, give a brief description of what has occurred to date:

Attach a detailed description of how your project engages students in citizenship education (maximum 2 pages). Be sure to indicate how your project will attempt to meet the selection criteria:

- Provides opportunity for student voice.
- Reflects democracy in the classroom, involving students in collaborative goal-setting and planning.
- Involves experiential or hands-on learning.
- Involves students in discussion, interaction or problem solving with the larger community.
- Has a local, national or global focus.
- Identifies innovative ways of sharing results with educational communities.

Please note that the purchase and implementation of pre-packaged curriculum is not eligible under this grant program.

Budget Information:

Description of how the funding will be used:	Costs (\$1,000)

Grants are to cover costs that are not normally the responsibility of the school division. Examples of eligible costs: release time for program planning; costs to transport students to locations related to the program; honoraria for guest speakers. Examples of costs that are not eligible: cameras; textbooks; curriculum resource material; teaching supplies such as paper, markers, tape; computers; and packaged programs and kits.
