

# Climate in Canada

Use your atlas and describe each type of climate found in Canada. Then, design a symbol for each of these climate types and draw the symbols on an outline map of Canada.

Climate type	Location	Average Temperatures	Precipitation Amounts	Sunshine and Seasons	Symbol
Arctic					
Subarctic					
Subarctic Cordilleran					
Pacific Cordilleran					
Interior Cordilleran					
Boreal					
Grassland					
Cool Temperate					
Moderate Temperate
