

Cultural Exploration Student-Initiated Project (CESIP) School Record Form

The CESIP enables students to achieve valuable educational experience by acquiring knowledge about their culture and themselves through interaction with community members and cultural organizations. The knowledge, skills, and attitudes obtained from such activity can increase a student's self-esteem and maturity, and strengthen cultural identity.

The activity done by students participating in this CESIP is not the responsibility of the school, school division, or Manitoba Education but an opportunity made available to students to obtain credit for individual activity resulting in an awareness of their culture—a process similar to obtaining the Community Service Student-Initiated Project (CSSIP) credit where students provide documentation on their project completion.
