

A DECLARATION FOR SUSTAINABLE LIVING

# Planet Earth is our home.

We depend on the Earth for our survival.

I am concerned about inequity & injustice in the world.

I know that what I do (or don't do) affects others, now & in the future.

I have the power & responsibility to make a difference in the world.

I am willing to question, seek alternatives & help change the way we do things.

As a citizen of Planet Earth, I choose to live my life in a way that contributes to a more equitable world & inspires hope for the future.
