## INTRODUCTION

The Education Funding Branch collects data necessary to perform the various grant calculations for divisions under the Funding of Schools Program. Data is collected through the use of EIS Collection and the FB series of forms. This document will assist divisions in meeting the requirements for the reporting of enrolment and categorical grant data and information for the 2022/2023 school year. For detailed information regarding funding criteria and eligibility, please refer to the Funding of Schools 2022/2023 School Year booklet available online. **Please note that the legislative and regulatory documents that support the Funding of Schools Program remain the authoritative source.**

Enrolment and categorical data reported by divisions through EIS Collection is submitted by divisions via email to the Education Funding Branch. Data that is exported from EIS Collection is automatically encrypted, and each division is provided a unique password to protect the data. Information on reporting requirements, indicators and codes used in EIS Collection is provided in **Part I: Reporting with EIS Collection**. Information on reporting and submission requirements, and the online file location of FB forms is provided in **Part II: Reporting with FB Forms**.

- **September 29, 2022** is the reporting date for enrolment and categorical data. Refer to the Reporting Guidelines in Section 1.1 for further information on determination of the specific date of reference for other reporting and deadline dates. The reporting checklist in Appendix F has been up-dated to reflect the actual due dates for the 2022/2023 year.
- The DEADLINE for submission of September 29, 2022 data to the Education Funding Branch is **October 15, 2022**.
- The enrolment file is to be submitted by **email only** to Education Funding Branch at [efb@gov.mb.ca](mailto:efb@gov.mb.ca). **The subject line should include the division name and reporting year**. Files must be encrypted and password protected with passwords previously provided to divisions.
- Divisions are responsible for ensuring that the most up-to-date FB forms are used for reporting by consulting the FB Forms Website at [Finance and Statistics | Manitoba Education \(gov.mb.ca\)](https://www.gov.mb.ca/finance-and-statistics) and downloading forms marked "NEW". The Control Sheet in each file must be updated with division name and the correct reporting date. Updated FB Forms (see Part II) for the 2022/2023 school year will be available online. Divisions will also be notified when the updated forms are posted.
- PDF copies of the EIS CERT, FB forms and other required reports from EIS Collection must be signed, dated and emailed to Education Funding Branch. Originals are to be kept on file at the division and made available upon request. Locally developed computerized reports that meet the data and certification requirements of the appropriate FB form may also be submitted with prior approval from Education Funding Branch. All forms must be completed electronically. Incomplete forms will be returned to the division.
- Consistent reporting of MET #, legal surname, given names and birthdate for pupils is crucial for the maintenance and accuracy of the pupil database. Inconsistent reporting of this data from year to year, including date of birth transpositions and name differences cause duplicate reporting errors and in some instances, may affect funding eligibility.

- Where indicated, the MET # and enrolment code must be provided for pupils on FB forms.
- Divisions are responsible for determining a pupil's eligibility for funding under the Funding of Schools Program, and for ensuring that enrolment is reported accurately and in accordance with the administrative requirements, guidelines and definition of an enrolled pupil (see Part I Sections 1.1, 1.2). This includes ensuring that:
  - pupils are physically in attendance in a school on the reporting date;
  - pupils reported are receiving instruction from Manitoba certified teachers in approved Manitoba curriculum/courses or individualized programming;
  - approvals are in place and attendance reporting requirements are met for pupils considered to be attending school when they are participating in an approved activity or program under the Activities and Programs – Learning to Age 18 Regulation (see Appendix A);
  - the number of post-diploma credits that an adult has accumulated is properly reflected in the calculation of eligible percentage (see Part I Section 1.12);
  - the full course load (see Part I Section 1.1) for pupils in a regular high school program is not differentiated for the calculation of eligible percentage for adults and homeschool pupils (see Part 1 Section 1.12).
- Requests for adjustments (see Part I Section 6) must be provided in writing, and signed by the secretary-treasurer and superintendent. A brief explanation of the reason for the adjustment is required. Requests for changes to pupil data MUST include the MET #, Enrolment Code and Birthdate. Requests for the addition or adjustments of pupils with enrolment code 300 Non-Supportable - Not in Attendance/Expected by November 30 will not be processed.
- To assist divisions in completing a request for adjustment, a template that may be customized for division use is available at [Finance and Statistics | Manitoba Education \(gov.mb.ca\)](https://www.gov.mb.ca/finance-and-statistics). The file also contains an FB 108 form to request adjustments to October 1 claims for specially equipped vehicle support.
- The collection of personal information submitted by divisions is authorized under The Public Schools Act and the Funding of Schools Program Regulation (M.R. 259/2006). The personal information reported will be used for the purpose of determining and verifying funding eligibility and program requirements under the Funding of Schools Program and for statistical use. It is protected by the Protection of Privacy provisions of The Freedom of Information and Protection of Privacy Act. Any questions about the collection can be directed to: Education Funding Branch at 204-945-6910 or [efb@gov.mb.ca](mailto:efb@gov.mb.ca).

## UPDATES

- Information regarding changes to codes, validation and reports in EIS Collection 2022 is provided in Appendix G.
- The Funding for Temporary Resident Policy has been updated. Please visit [Finance and Statistics | Manitoba Education and Early Childhood Learning \(gov.mb.ca\)](https://www.gov.mb.ca/finance-and-statistics/manitoba-education-and-early-childhood-learning) to view the policy in full.
- Please note that previous versions of the FB 113N form have included a restriction that prohibited adding temporary resident pupils as new Manitoba residents for enrolment purposes. This restriction has since been removed, and divisions may use FB 113N forms to add a temporary resident pupil as a new Manitoba resident in accordance with the guidelines outlined on pages 12-15 of this booklet.

# 1 ENROLMENT

Enrolment must be reported in accordance with the administrative requirements, guidelines and definition of an enrolled pupil described in Sections 1.1 and 1.2. The data fields required for reporting enrolment detail are outlined in Sections 1.3 to 1.14.

## 1.1 Administrative Requirements and Reporting Guidelines

The following administrative requirements ensure that there are procedures, practices and controls in place at the school and division level that provide assurance that enrolment is both accurate and in accordance with the definition of an enrolled pupil:

- 1) Enrolled pupils reported as per point a) of the Definition of an Enrolled Pupil (Section 1.2) are supported by an actual pupil count signed by a teacher. Homeroom teachers must report attendance by indicating on a classroom list the pupils that were present. In cases where there are no homeroom teachers, each classroom teacher for every class on September 29 must complete the attendance report. In both cases, marking absences is not sufficient. Attendance reports must be signed and dated by the reporting teacher.
- 2) All pupil enrolment on a school basis must be verified by the principal as being accurate and in accordance with the definition of an enrolled pupil.
- 3) Enrolled pupils reported as per points b) and c) of the Definition of an Enrolled Pupil (Section 1.2) must be verified as accurate through documentation signed by a classroom/homeroom teacher and/or by the principal of the school.
- 4) Documentation in support of the definition of an enrolled pupil does not have to be submitted to the Education Funding Branch, but must be on file in the division and made available upon request.
- 5) The superintendent and secretary-treasurer are responsible for ensuring the establishment and maintenance of procedures, practices and controls at the school and division level, which provide assurance that the enrolment data reported to the Education Funding Branch is accurate and in accordance with the definition of an enrolled pupil.
- 6) Enrolment must be reported electronically using EIS Collection (see Section 5) and submitted by email to the Education Funding Branch, accompanied by PDF copies of certification from the superintendent and the secretary-treasurer that confirm the enrolment data is accurate and in accordance with the definition of an enrolled pupil.
- 7) The divisional external auditor will audit the EIS Enrolment File Verification Report (Part 2 of the EIS CERT, see Section 5) and report on same in the annual Auditor's Report on Enrolment.

**NOTE:** A pupil participating in an activity or program approved under the Activities and Programs – Learning to Age 18 Regulation (M.R. 139/2011) is considered to be enrolled in, and attending, school. As such, the pupil can be reported as an enrolled pupil. See Appendix A for the specific requirements that must be met.

## Reporting Guidelines

- 1) Where reference to a specific date is made, and the specific date of reference falls on a weekend or a holiday, then the specific date becomes the last day of school prior to the weekend or holiday.
- 2) Where the reference to a specific date is made, and the specific date of reference falls on a day when a school is closed for an in-service or other incidental reason, then the alternate date of reference for that school becomes the last day of school prior to the in-service or incidental closure day.
- 3) Where a pupil has been reported in more than one school, and one of those schools was closed for an in-service or incidental reason on the specific date of reference, the pupil will be included in the enrolment of the school that was open on the specific date of reference if the pupil was in attendance on the specific date of reference.
- 4) Pupils attending for second semester only cannot be reported in enrolment.
- 5) Divisions are required to set full course loads to be used in the calculation of eligible percentage (see Section 1.12). Full course load requirements are based on the number of full courses taken in a school year that the reporting division has determined is a full course load for pupils in each of Grades 9 to 12 in a regular high school program. Full course load used for calculating eligible percentage for adult or homeschool pupils cannot be differentiated from the full course load set for a regular high school program. Second semester courses should be counted in determining a pupil's course load for the school year for the calculation of eligible percentage.
- 6) Where more than one division has reported the same pupil, the pupil will be included in the enrolment of the school:
  - a) in which the pupil was in attendance on September 29, or
  - b) if the pupil is in attendance in more than one division on September 29, the school where the pupil is deemed to be in regular attendance for the duration of the school year, or
  - c) if the pupil was not in attendance on September 29, the school where the pupil is deemed to be in regular attendance for the duration of the school year
- 7) Where a pupil is enrolled in two divisions on September 29 and is expected to remain enrolled in two divisions, the pupil is included in the enrolment of:
  - a) the resident division, or
  - b) if neither is the resident division, the division where the pupil is taking the greater number of approved courses during the regular school day

- 8) A pupil enrolled in a public school and a funded independent school on September 29 is included in the enrolment of:
- a) the school where the pupil is taking the greater number of approved courses, or
  - b) the public school, if the pupil is taking the same number of approved courses in each school, or
  - c) the public school, if the pupil is in Kindergarten

### **1.4 School**

The School field is for reporting the school where the pupil is enrolled and in attendance on the reporting date. Pupils being reported for transportation or Board and Room Support only (i.e. 500 series enrolment codes – see Section 1.8) are reported without a school name (i.e. blank field).

Eligible enrolment, used for funding purposes, is compiled on the basis of the enrolment data submitted by divisions to the Department through EIS Collection. The Funding of Schools booklet, should be referred to for details of the grant calculations based on eligible enrolment. Eligible enrolment is calculated as follows:

Indigenous pupils attending a public school, who are not resident of any division and for whom a First Nations Band or the Government of Canada is required to make a contribution to the division for the education of these pupils.

**NOTE:** Indigenous pupils attending a public school and residing in a division with parents or, through due process of the law, with a legal guardian are considered resident pupils and eligible for provincial funding unless a First Nations Band or the Government of Canada is making contributions to the cost of their education.

Indigenous pupils who are 18 years of age or older, residing in a division are considered resident pupils and eligible for funding unless a First Nations Band or the Government of Canada is making contributions to the cost of their education.

Indigenous pupils eligible for provincial funding should be reported with the appropriate 100 series enrolment code.

### **390 Non-Supportable - Temporary Resident**

Pupils under the age of 18:

- a) accompanied by parents or legal guardians who are in Canada as visitors or on Temporary Resident Permits as visitors

Children of parents or legal guardians in Canada as visitors with Temporary Resident Permits as visitors require a study permit to attend school regardless of the time being spent in Canada.

- b)** who are unaccompanied by parents and without a legal guardianship arrangement that will meet the residency requirements under The Public Schools Act (child refugee claimants exempt)

Pupils 18 years of age and older, that are attending a Manitoba school for the first time, or had previously attended school in Manitoba but were not eligible for provincial funding.

Unaccompanied children or age of majority individuals in Canada as visitors are not eligible for provincial funding but are permitted to study without a study permit unless their stay is beyond six months from the date of entry or beyond the date stamped on their entry documentation. The child or age of majority individual requires a study permit or visitor record for stays beyond the time limit authorized at the time of entry into Canada.

At the discretion of the school division, pupils reported with this enrolment code may be subject to fees. Please refer to the Temporary Residents Policy for further details. See the 190 series and 210 enrolment codes for the coding of pupils who do not meet the criteria for enrolment code 390.

#### **410 Homeschool Pupil**

Homeschool pupils who attend school to receive instruction in approved Manitoba curriculum courses or individualized programming taught by Manitoba certified teachers.

NOTE: An entry is required in the Eligible % field on the Enrolment Screen (see Section 1.12). Homeschool pupils are not eligible for transportation, board and room or English as an Additional Language support. All other eligible funding is provided on a prorated basis according to eligible percentage. Adult pupils are not eligible for support as homeschool pupils. Parent(s) or guardian(s) of a homeschool pupil must furthermore, have met the notification, information and reporting conditions in Section 260.1 of The Public Schools Act.

#### **420 Attending a Public School in an Adjoining Province for a Program Not Offered**

These pupils are reported in the enrolment of their designated school in the resident division and are eligible for transportation support subject to program not offered transportation eligibility criteria.

NOTE: Adult pupils are not eligible for support.

#### **421 Attending a Public School in an Adjoining Province for a School of Choice**

are reported in the enrolment of their designated school in the resident division and are not eligible for transportation support.

NOTE: Adult pupils are not eligible for support.

### **500 Series Enrolment Codes**

The 500 Series enrolment codes are used by divisions to claim or report pupils who are not enrolled in the reporting division but who are being:

- transported by the reporting division, or
- given an allowance for transportation by the reporting division, or
- claimed for board and room by the resident division

With the exception of codes 560, 570 and 580, pupils claimed using 500 series enrolment codes must also be reported in the enrolment of the division or funded independent school that they actually attend. Invalid and/or incomplete data causes duplicate MET numbers, enrolment and transportation coding errors.

Reporting divisions/funded independent schools should coordinate EIS collection data being reported to ensure that valid combinations of enrolment coding, transportation coding and resident division status and correct MET # are being reported. With regard to enrolment codes 560, 570 and 580, divisions should ensure that the correct MET #, names, birthdate and gender data are being reported consistently on EIS collection.

The Education Administration Services branch can provide or confirm the correct MET # for Manitoba students and can be contacted at 204-945-0201 or 1-888-227-1375 or by email at [sturecords@gov.mb.ca](mailto:sturecords@gov.mb.ca).

The following fields are required for reporting pupils with a 500 series enrolment code:

- MET #
- Surname, Given Names; Gender and Birthdate
- Enrolment Date; Enrolment Code; Resident Division
- Transportation Code (where applicable)

### **500 Attending a Public School in Another Division for a Program Not Offered**

NOTE: To be eligible for transportation support, pupils must be reported with enrolment code 110 – Regular – From Another Division for a Program Not Offered by the receiving division.

**505 Attending a Public School in Another Division Claimed for Board and Room Support**

This code is used by the resident division for reporting eligible pupils, required to live away from home, who are attending a public school in another division for a program not offered in the resident division and who would be required to travel a minimum one-way distance of 80 kilometers from their residence to the school attended.

To be eligible for Board and Room Support, pupils must be reported with enrolment code 110–Regular – From Another Division for a Program Not Offered by the receiving division.

**NOTE:** Pupils exercising choice, pupils attending public schools in adjoining provinces and adult pupils (see Definitions) are not eligible for Board and Room Support.

Pupils claimed for Board and Room Support on October 1 are not eligible for transportation support on October 1.

**510 Attending a Public School in Another Division for a School of Choice**

This code is used by the resident division for reporting pupils transported (or receiving allowances, where applicable) out of division for a school of choice, as per the eligibility provisions in Appendix B of the Funding of Schools booklet.

**1.9 Resident Division**

The resident division is reported in the Resident Division field. The resident division is the division which the pupil is considered to be a resident of based on criteria set out in the definition of resident pupil in The Public Schools Act as follows:

“Resident pupil as used to refer to or describe a pupil in a particular school division or school district, means a pupil:

- a) whose parent or legal guardian, with whom he resides, is a resident therein, or
- b) who has attained the age of 18 years and is a Canadian citizen or permanent resident as defined in the Immigration and Refugee Protection Act (Canada) resident therein, or
- c) who, by reason of being dealt with under any provision of The Child and Family Services Act or the Youth Criminal Justice Act (Canada), becomes a resident therein, or
- d) who is designated in writing by the Minister as a resident therein

**NOTE:** For enrolment reporting purposes, DSFM can be a reporting division, but cannot be a resident division.

Except for the DSFM, supportable temporary residents (i.e. enrolment code 190) must be entered as residents of the reporting division. For the DSFM, supportable temporary residents (i.e. enrolment code 190) must be entered as “Non-Resident of Any School Division”.

Non-supportable pupils (i.e. enrolment codes 210, 310, 320, 340 and 390) who are not considered residents of any division should be entered as “Non-Resident of Any School Division”.

**1.10 Postal Code (Residence)**

The Postal Code (Residence) field is for reporting the postal code of the pupil’s physical home address not mailing address.

### **1.11 Diploma Already Attained**

The Diploma already attained field is completed if a pupil has a diploma, certificate of completion or equivalent standing from another jurisdiction. Where a pupil is reported with a supportable enrolment code and a diploma or certificate of completion, a corresponding entry is required in the Eligible % field on the Enrolment screen (see Section 1.12).

### **1.12 Attendance (Eligible %)**

The Eligible % field is for reporting, where applicable, the percentage of time that a supportable adult or homeschool pupil is eligible for provincial funding. Appendix C of the Funding of Schools booklet contains further details respecting funding eligibility and age/diploma/certificate of completion status.

An entry is not required in the Eligible % field for supportable pupils under 21 years of age on December 31st without a diploma or certificate of completion, or for pupils reported with non-supportable enrolment codes (i.e. 210, 310, 320, 340 or 390). Entries for homeschool pupils (i.e. enrolment code 410) must be between 10% and 90%.

Entries are required for all adult pupils reported with supportable enrolment codes (i.e. 100 series) and all homeschool pupils (i.e. enrolment code 410).

**NOTE:** A pupil's age is determined as at December 31st in accordance with the right to attend school, as per subsection 259(1) of The Public Schools Act.

Divisions are required to set full course loads to be used in the calculation of eligible percentage. Full course load requirements should be based on the number of full courses taken in a school year that the reporting division has determined is a full course load for pupils in each of Grades 9 to 12 in a regular high school program. A full course load differentiated from the regular high school program cannot be used for calculating eligible percentage for adult or homeschool pupils. For example, if a division has set the full course load for Grade 12 at 8 full courses, then 8 is the full course load that is to be used for calculating eligible percentage for adult and homeschool pupils.

Pupils attending second semester only, including adult and homeschool pupils, cannot be reported in enrolment (see Section 1.1). Second semester approved courses should be counted in determining a pupil's course load for the school year for the calculation of eligible percentage for adult and homeschool pupils in attendance for a minimum of one approved course in the first semester.

Approved courses means courses taught by Manitoba certified teachers, which qualify as credits under the High School Graduation Requirements Regulation (M.R. 167/99). Individualized programming means programming provided to a pupil in accordance with an individual education plan prepared under subsection 5 (1) of the Appropriate Educational Programming Regulation (M.R. 155/2005).

**a) No Diploma or Certificate of Completion – 21 Years of Age or Older on December 31st Receiving Instruction in Approved Courses**

Funding is provided on a prorated basis according to the number of approved courses being taken up to a maximum of four credits beyond the number required for graduation. Pupils in this category are not eligible for Special Needs support, Transportation or Board and Room Support.

Eligible % is calculated by determining the maximum number of approved courses eligible for funding divided by the grade appropriate full course load established by the reporting division. The resulting percentage is rounded to the nearest ten percent (e.g. 0%, 10%, 20%, 30%).

**For example:**

A pupil 21 years of age or older who is 2 credits short of a high school diploma and is enrolled in 7 approved courses where 8 approved courses is a full course load.

Maximum credits allowed beyond graduation	4	
Remaining credits required to graduate	2	
Maximum number of eligible courses		6(A)
Number of courses enrolled in for the school		7(B)
Maximum eligible courses (lesser of A and B)		6(C)
Full course load for the school year		8(D)
Eligible Percentage (C/D)		80%

**b) Diploma – Receiving Instruction in Approved Courses**

i) Under 21 years of age on December 31st. Funding is provided on a prorated basis according to the number of approved courses being taken up to a maximum of four credits beyond the number of credits taken by the end of the school year in which graduation occurred. Pupils in this category are not eligible for Transportation or Board and Room Support.

ii) 21 years of age or older on December 31st. Funding is provided on a prorated basis according to the number of approved courses being taken up to a maximum of four credits beyond the number of credits taken by the end of the school year in which graduation occurs. Pupils in this category are not eligible for Special Needs support, Transportation or Board and Room Support.

Eligible % is calculated by determining the maximum number of approved courses eligible for funding divided by the grade appropriate full course load established by the reporting division. The resulting percentage is rounded to the nearest ten percent (e.g. 0%, 10%, 20%, 30%). Pupils with diplomas cannot be reported as 100% eligible for funding.

**Example 1:**

A pupil under 21 years of age with a high school diploma and no additional credits enrolled in 3 approved courses where 6 approved courses is a full course load.

Maximum credits allowed beyond graduation	4	
Post Diploma Credits already taken	<u>0</u>	
Maximum number of eligible courses		4(A)
Number of courses enrolled in for the school		<u>3(B)</u>
Maximum eligible courses (lesser of A and B)		3(C)
Full course load for the school year		<u>6(D)</u>
<hr/>		
Eligible Percentage (C/D)		50%

**Example 2:**

A pupil 21 years of age or older with a high school diploma and 2 additional credits enrolled in 3 approved courses where 6 approved courses is a full course load.

Maximum credits allowed beyond graduation	4	
Post Diploma Credits already taken	<u>2</u>	
Maximum number of eligible courses		2(A)
Number of courses enrolled in for the school		<u>3(B)</u>
Maximum eligible courses (lesser of A and B)		2(C)
Full course load for the school year		<u>6(D)</u>
<hr/>		
Eligible Percentage (C/D)		30%

**c) Certificate of Completion – Receiving Individualized Programming**

- i) Under 21 years of age on December 31st. Funding is provided on a prorated basis according to the percentage of time that the pupil attends school up to a cumulative maximum of 70% beyond the year in which the certificate of completion is awarded. Pupils in this category are not eligible for Transportation or Board and Room Support.
- ii) 21 years of age or older on December 31st. Funding is provided on a prorated basis according to the percentage of time that the pupil attends school up to a cumulative maximum of 70% beyond the year in which the certificate of completion is awarded. Pupils in this category are not eligible for Transportation or Board and Room Support.

Eligible % is calculated by determining the maximum percentage of a full school day eligible for funding. To determine the percentage of time attending, the time in school that the pupil is scheduled to attend is divided by 330 minutes (5.5 hours), rounded to the nearest ten percent (e.g. 0%, 10%, 20%, 30%). For example, a pupil scheduled to be in school for 2 hours (120 minutes) per day would have a time

attending percentage of 40. (120 minutes divided by 330 minutes rounded to the nearest ten percent). Examples of the calculation of maximum eligible percentage:

**Example 1:**

Maximum eligible % allowed beyond	70
Eligible % reported in prior years	<u>0</u>
Maximum eligible % remaining	70(A)
<u>% of time attending for the current school</u>	<u>40(B)</u>
Eligible Percentage (lesser of A and B)	40 %

**Example 2:**

Maximum eligible % allowed beyond	70
Eligible % reported in prior years	<u>40</u>
Maximum eligible % remaining	30(A)
<u>% of time attending for the current school</u>	<u>40(B)</u>
Eligible Percentage (lesser of A and B)	30 %

**d) Homeschool Pupils**

Funding is provided for eligible homeschool pupils attending school to receive individualized programming or instruction in approved Manitoba curriculum courses taught by Manitoba certified teachers. Parent(s) or guardian(s) of a homeschool pupil must furthermore, have met the notification, information and reporting conditions in Section 260.1 of The Public Schools Act. Homeschool pupils are not eligible for Transportation, Board and Room or English as an Additional Language support. All other eligible funding is provided on a prorated basis (eligible %) according to the:

- i. percentage of time attended for Kindergarten to Grade 8 pupils and Grades 9 to 12 pupils receiving individualized programming is calculated by:
  - dividing the daily time in school that the pupil is scheduled to attend by 330 minutes (5.5 hours), rounded to the nearest ten percent (e.g. 10%, 20%, 30%).

**Example:** a pupil scheduled to be in school for 1 hour (60 minutes) per day would have an eligible percentage of 20. (60 minutes divided by 330 minutes rounded to the nearest ten percent.)

A pupil scheduled to be in school for 3 hours (180 minutes) per week would have an eligible percentage of 10. (180 minutes divided by 1650 (330 minutes/day multiplied by 5 days) rounded to the nearest 10 percent.)

ii. percentage of a full course load for Grades 9 to 12 pupils receiving instruction in approved courses is calculated by:

- dividing the number of approved courses being taken by the grade appropriate course load established by the reporting division rounded to the nearest ten percent (e.g. 10%, 20% ).

**Example:** a pupil taking 2 approved courses in a school that has established a full course load of 8 would have an eligible percentage of 30 (2 divided by 8 rounded to the nearest 10 percent).

**NOTE:** Homeschool pupils cannot be reported with an Eligible % of 0% or 100%.

### 1.13 Homeroom

The Homeroom field is for reporting the room number and/or other identifier of a pupil's homeroom on the reporting date. The identifier for each homeroom within a school must be unique and used for all pupils in the same homeroom regardless of their grade levels. This field is mandatory for pupils reported with Nursery to Grade 8 or SE in the Grade field. Reporting is optional for pupils reported with Grades 9 to 12 or SS in the Grade field.

**NOTE:** Combine the homeroom number with the applicable grade(s) in the classroom.

Examples: Room 25 Grade 2 = 25-2 for all students in the same classroom  
Room 30 Grade 2 and 3 split class = 30-2-3 for all students in the same classroom

### 1.14 Care of Child and Family Services

Pupils who are under the care of Child and Family Services are reported with a "Y" (i.e. YES) indicator in the Care of Child and Family Services (CFS) field. The determining factor for selecting the CFS indicator for a pupil is whether the pupil is under the care or guardianship of a CFS agency, rather than a parent or legal guardian. This would include formal custody arrangements (e.g. apprehensions) and formal voluntary placements (i.e. where parents are not required to, but do, relinquish custody or guardianship to CFS). The Child and Family Services Act (CFSA) should be consulted for further information regarding temporary or permanent guardianship orders and voluntary placement agreements.

Living arrangements or an association with a social worker do not necessarily mean that a pupil is officially under the care of a CFSA authorized agency. All child and family service agencies, including First Nations agencies, and out-of-province agencies that are governed by their provincial equivalent of the CFSA, are covered under the CFSA. Normally the sphere of CFSA responsibility is to age 18 (definition of "child"), but subsection 50(2) of the CFSA allows for this to continue to age 21 for permanent wards in some circumstances (see below).

"50 (2) The director, or an agency with the written approval of the director, may continue to provide care and maintenance for a former permanent ward for the purpose of assisting the ward to complete the transition to

independence, but not beyond the date when the former permanent ward attains the age of 21 years.”

Thus, divisions cannot report a pupil 21 years of age or older on October 1 of the reporting year with a CFS indicator. Pupils between the ages of 18 and 21 years of age must have been permanent wards prior to age 18. Divisions are responsible for ensuring that documentation is on file in the division to support the CFS indicator claim.

**Examples:**

Use the CFS indicator to report a pupil who:

- has been apprehended by a CFS agency and placed in a foster home
- through voluntary placement with a CFS agency, has been placed by the agency in a foster home or other care situation

Do not use the CFS indicator to report a pupil:

- whose parent(s)/legal guardian(s) have made informal arrangements to have the pupil reside with a relative or other individual(s)
- who has contact with a social worker but remains under the care of their parent(s)/legal guardian(s)
- who, on their own, has made informal arrangements to live in the division with a person(s) other than their parent(s)/legal guardian(s)

## 2 TRANSPORTATION

Divisions are responsible for determining and reporting a pupil's transportation status and eligibility for transportation funding. Funding is provided for those circumstances under which divisions are obligated to transport or provide an allowance in lieu of transportation. In addition, funding is provided for a number of situations under which divisions may choose to provide transportation or allowances. Sections 43 to 47 of **The Public Schools Act**, Part 2 of the **Funding of Schools Program Regulation** (M.R. 259/2006), the **Schools of Choice Policy** and the **Funding of Schools** booklet should be consulted for full details with respect to transportation obligation and funding criteria. See Appendix B for website addresses of the referenced documents.

The **Transportation** field on the **Enrolment** screen is used for reporting of all transported pupils and pupils receiving allowances in lieu of transportation on school buses at October 1. Sections 2.1 and 2.2 provide detailed descriptions of the criteria for selecting correct transportation codes. The division providing a pupil with transportation or paying an allowance in lieu will report the pupil's transportation status and **where** applicable, claim Transportation support. In some instances, Transportation support for a pupil may be claimed by a division other than the division that the pupil is attending.

**Where the division reporting transportation and the division reporting enrolment for a pupil differ, the reporting divisions must ensure that valid combinations of enrolment coding, transportation coding and resident division status are being reported by each. Funded independent schools need to ensure that the correct enrolment coding is used for pupils who, under shared services agreements, are being claimed for Transportation support by a division (see 500 Series Enrolment Codes in Part I Section 1.8).**

Transportation codes are compared to enrolment codes for purposes of verifying and calculating transportation support. The table in Section 2.1 displays valid transportation and enrolment code combinations. **In addition to the non-supportable combinations listed in the table, adult pupils (see Part I – Definitions) and homeschool pupils, are not eligible for transportation support.** Pupils claimed for Board and Room Support on October 1 cannot be claimed for Transportation support on October 1. See Appendix C for examples of enrolment and transportation reporting combinations.

### **Definition:**

**Designated School:** Designated school means the school designated by the school board as the school within the division where the pupil resides that has space, and offers the appropriate education required by the pupil. School boards also have the authority to designate out-of-division schools attended by a resident pupil for a program not offered by the resident school division.

For Transportation support eligibility purposes only, a school board may also designate a school based on the programming and educational requirements of a pupil in respect of special needs and approved Bilingual Indigenous or International Language programs.

## 4 NEWCOMER

### 4.1 Newcomer Educational Background

The Newcomer field is used to identify pupils who are newcomers to Canada and to report on their educational background. Newcomers are pupils who:

- are in their first year of being reported in EIS;
- whose first or primary language is other than English; and
- arrived in Canada from another country on or after December 1 of the previous school year and on or before November 30 of the current school year – e.g. for 2021/22: on or after December 1, 2021 and on or before November 30, 2023.

Pupils who are newcomers are reported in the Newcomer field using the following codes:

**10 Near or above age-appropriate grade level for MB pupil**

For pupils who, on arrival, are assessed as having previous education that is near or above the grade level normally expected of their age peers.

**20 1 – 2 years below age-appropriate grade level for MB pupil**

For pupils who, on arrival, are assessed as having previous education that is 1 to 2 years below the grade level normally expected of their age peers.

**30 3 or more years below age-appropriate grade level for MB pupil**

For pupils who, on arrival, are assessed as having previous education that is 3 or more years below the grade level normally expected of their age peers.

**40 No formal schooling (pupil is over age 9 at December 31)**

For pupils who, on arrival, are assessed as having no formal schooling and are over 9 years of age as of December 31. Pupils less than 9 years of age with no formal schooling should be reported using code 20 or 30 as appropriate.

**50 Not assessed**

It is expected that the educational background and language learning needs of newcomer pupils will be assessed as soon as possible in order to plan appropriate programming. However, where a newcomer pupil has not been assessed at the reporting date, the pupil should be reported with code 50 - Not Assessed.

### 4.2 Newcomer French Language Support

Newcomer pupils in Français or French Immersion Programs who require additional literacy and/or language support in the French language are reported in the Needs Additional French Language Support field using the following codes:

**Y Needs support**

**N**

**Does not need support**

**NOTE:** To ensure that newcomer profiles are as accurate as possible, the SFB116A-Not Assessed Newcomers report (Part II Section 6) listing all newcomer pupils with code 50–Not assessed at the reporting date will be compiled and distributed to divisions by Education Funding Branch. Divisions will be asked to up-date the educational background (Newcomer field) for the pupils listed on the report.

The Newcomer and Needs Additional French Language Support fields cannot be used for pupils with non-supportable enrolment codes.

## **5 CERTIFICATION AND SUBMISSION OF ENROLMENT DATA**

Enrolment is reported electronically using EIS Collection and submitted by email using SETS, to the Education Funding Branch at [efb@gov.mb.ca](mailto:efb@gov.mb.ca) accompanied by PDF copies of the two part EIS CERT form and enrolment verification report from EIS Collection:

### **Part 1 – Certification Form for Reporting of Enrolment Electronically; and Part 2 – EIS Enrolment File Verification Report**

Submission of PDF copies of the certification form and accompanying verification report confirms that the enrolment and categorical information reported on the EIS Collection file submitted to the Education Funding Branch is true and correct, and in accordance with the laws and regulations of the Province of Manitoba.

NOTE: The EIS Enrolment File Verification Report summarizes the number of pupils, on a head-count basis by school and by grade, for which enrolment data has been reported through the electronic EIS Collection file. This report is used to verify that the electronic file submitted to the Education Funding Branch reconciles to the EIS CERT prior to upload to the departmental EIS database. Pupils reported with 500 series enrolment codes claimed for Transportation or Board and Room Support are included on the report for verification purposes only; they are not counted in enrolment.

## **6 REQUESTS FOR ADJUSTMENTS**

Requests for changes or additions to previously certified data submitted either through EIS Collection or FB forms must be in writing, and signed by the secretary-treasurer and superintendent. A brief explanation of the reason for the adjustment is required. Requests for changes to pupil data must include MET #, Enrolment Code and Birthdate. School divisions should contact the appropriate staff at Education Funding Branch (see Contact List) for instructions specific to the nature of the adjustment request(s) being made.

Requests for adjustments to the current school year's enrolment or categorical data must be received by April 1 to be included in the up-dated Funding of Schools support file sent to divisions at the end of April.

With the exception of data with a June 30 reporting date, and unless otherwise noted, final requests for adjustments to the current school year's enrolment or categorical data must be received by June 1.

NOTE: To assist divisions in compiling a request for adjustment, a template is available for download at [Finance and Statistics | Manitoba Education \(gov.mb.ca\)](#). The file also contains an FB 108 form to request adjustments to October 1 claims for specially equipped vehicle support (see Part II Section 1).

Requests for adjustments to add pupils to enrolment with enrolment code 300 Non-Supportable - Not in Attendance/Expected by November 30 will not be processed (see Part I Section 1.8).

## **PART II: REPORTING WITH FB FORMS**

Part II contains brief descriptions and basic information with respect to the reporting of data required in the calculation of support that is not reported using EIS Collection or, in some instances, the reporting of information used in the verification of certain data collected through EIS Collection. Information with respect to reporting for grants which have multi-period data submission requirements is also included in this part.

Generally, reporting of the data identified in this part is done through the use of the FB series of forms available for download at [Finance and Statistics | Manitoba Education \(gov.mb.ca\)](https://www.gov.mb.ca/finance-and-statistics). The forms are grouped together in a series of electronic files by reporting category. Each file includes technical and reporting instructions, an example (where applicable), and the form(s).

Please note that reporting and due dates listed in this part are not year specific. Refer to the Reporting Guidelines in Part I Section 1.1 for information on determination of the specific date of reference for reporting and due dates. Appendix F contains a checklist of reporting requirements sorted by the actual date of submission for the current year to assist divisions in meeting the various reporting deadlines. Education Funding Branch also issues reminders of pending due dates to divisions.

For specific details regarding the formulas used to calculate funding, please refer to the Funding of Schools 2022/2023 School Year booklet. The categorical grants and verification requirements for which information is reported outside of the EIS Collection process are:

- Transported Pupils Requiring Specially Equipped Vehicles
- Loaded Kilometre Support
- Bus Grant
- Board and Room
- Vocational Education Unit Credit & Program Support
- Verification of Attendance Report for Enrolment Code 300

NOTE: The requirements for school division planning and reporting are outlined in the K-12 Framework for Continuous Improvement. Detailed information about the Framework can be found at [School and School Division Planning | Manitoba Education \(gov.mb.ca\)](https://www.gov.mb.ca/school-division-planning).

## **1. PUPILS REQUIRING SPECIALLY EQUIPPED VEHICLES**

The FB 108 series of forms provides Education Funding Branch with information required to support claims for specially equipped vehicle support. Divisions are required to describe the special equipment (e.g. wheelchair, walker, crutches, etc.) related to a pupil's mobility impairment to verify that the pupil requires transportation in a specially equipped vehicle. Information about the vehicle is reported to verify that vehicle standards for the grant are met. Refer to the **Funding of Schools Program Regulation (M.R. 259/2006)** for definitions of impaired mobility pupils and specially equipped vehicles.

**Department approval is required to provide an allowance in lieu of transportation on a specially equipped vehicle.** Requests can be submitted at any time during the school year or in conjunction with the applicable FB108 form for the reporting period. Where an allowance is being claimed, information regarding the type of vehicle including CSA (i.e. D250 and D409) status and reason for allowance must be provided. Any other pertinent information in support of the claim should also be included in the request for approval.

Verification, with respect to eligibility for funding, is required for post-October 1 reporting to ensure that pupils being reported are supportable. Divisions are therefore required to identify the enrolment code applicable to the pupil's status at the time of reporting based on the descriptions in Part I Section 1.8.

Form FB 108A is printed from EIS Collection. The FB 108B series of forms are downloaded online. Divisions requiring adjustments to October 1 reporting (i.e. form FB 108A) should refer to Part I Section 6. Reporting Date: As applicable on or before November 30

Due Date: December 5

The FB 113D report is printed from EIS Collection. Each school is printed on a separate page which lists pupils who have been reported in EIS Collection with enrolment code 300 (Non-Supportable - Not in Attendance/Expected by Nov. 30) as per c) i) and c) iii) of the Definition of an Enrolled Pupil (see Part I, Section 1.2). Divisions are required to complete the FB113D report by indicating which of the pupils on the list are in attendance on or before November 30, and provide the required enrolment information for those pupils. Education Funding Branch will up-date enrolment codes and other data based on information provided on the FB 113D report. Pupils reported with enrolment code 300, who do not meet the criteria for a change to supportable status, are not included in total or eligible enrolment counts for purposes of support calculations.

Report FB113D – Summary report summarizes enrolment code 300 data by school and by grade, and is for school division use only.

NOTE: Divisions may find it helpful to print and distribute the FB 113D report to schools that reported pupils with enrolment code 300 at the same time as the EIS submission to Education Funding Branch is prepared. This will allow schools to complete the report on an ongoing basis as pupils commence regular attendance, and will assist in meeting the December 5 deadline.

### **FB 113N - Request for Addition of a New Manitoba Resident Pupil**

Reporting Date: As applicable on or before November 30

Due Date: December 5

The FB 113N form is required in support of pupils who have been identified as new Manitoba resident pupils, i.e. pupils who have not been reported in EIS Collection in the past and qualify under c) ii) of the Definition of an Enrolled Pupil (see Part I Section 1.2). Furthermore, a pupil who has moved out of Manitoba for a minimum of two consecutive years, and has subsequently returned to the province is also considered a new Manitoba resident pupil. For pupils who have returned to the province in less than two years after leaving, please refer to enrolment code 300 (see Part 1 Section 1.8). Please note that divisions are required to provide a completed FB113D (as above) certifying which pupils are in attendance on or before November 30, where regular enrolment eligibility applies.

Completion of form FB 113N confirms that the pupil re-located to Manitoba on or before November 30 and is in attendance on or before November 30. Do not submit the FB 113N if the pupil re-located to Manitoba after November 30. Divisions must also provide all of the detail necessary to add the pupil to enrolment. Education Funding Branch will enter enrolment and other codes as applicable based on information provided on the FB 113N form. Single or multi-entry versions of the FB 113N form are available. Either form must be completed electronically.

Please note that previous versions of the FB 113N form have included a restriction that prohibited adding temporary resident pupils as new Manitoba residents for enrolment purposes. This restriction has since been removed, and divisions may use FB 113N forms to add a temporary resident pupil as a new Manitoba resident in accordance with the aforementioned guidelines.

**NOTE:** Divisions are asked to complete and submit FB 113N forms on an ongoing basis, but no later than December 5, as eligible pupils commence regular attendance. FB 113N forms should include MET #'s.

MET #'s for pupils eligible for support as new Manitoba Resident Pupils can be requested at any time through the Education Administration Services Branch. Division requests should indicate that the MET # is required for new resident enrolment reporting purposes. Information regarding requests for MET #'s is available at [Student Records | Manitoba Education \(gov.mb.ca\)](http://StudentRecords|ManitobaEducation.gov.mb.ca).

**Enrolment of Under-Age Learners at Adult Learning Centres (ALCs)****Definitions**

**Mature Student Graduation Requirements** (2003) state that to be eligible for Mature Student Status, one must be 19 years of age or over at the time of enrolment in programming directed at completing the Mature Student Graduation Requirements, or reach the age of 19 before completion of the course(s) in which one is enrolled.

An **under-age learner** is any learner who has not reached the age of eligibility for Mature Student Status.

**General Principles**

- Regardless of which of the following three scenarios apply, the learner must display sufficient maturity to be able to function appropriately in an adult-focused learning environment.
- An Adult Learning Centre (ALC) may determine in its admissions policy whether or not it will accept under-age learners. No ALC shall be compelled to admit an under-age learner.
- In a situation where a learner's eligibility is unclear, the ALC director and/or principal are advised to consult with the Registrar.
- The Registrar may place a cap on the maximum number of under-age learners that may be admitted to an ALC.
- The Adult Learning Centres Act—General Regulation (M.R. 102/2003) (Sections 17 and 18) details requirements pertaining to child abuse registry and criminal record checks for ALCs that admit learners under the age of 18.

**Graduate**

- An under-age learner who has graduated from high school may attend an ALC for the purpose of taking up to 4 post-diploma credits.

**For funding purposes:**

These learners will be supported by the annual ALC program grant in the same manner as all other ALC learners.

- The learner may also combine post-diploma credits at an ALC and at a high school. In this situation the 4-credit limit applies to the total number of post-diploma credits taken.

**For funding purposes:**

The courses taken at the ALC will be supported by the annual ALC program grant in the same manner as all other ALC learners when post-diploma courses are taken at an ALC.

The courses which the learner takes at the high school will be funded under the Funding of Schools Program provisions for graduates taking post-diploma course.

- The **Adult Learning Centres Act—General Regulation** (M.R. 102/2003) (Section 22) enables an ALC to charge tuition in the event that a learner who already has 4 post-diploma credits wishes to take additional credits.
- Marks for post-diploma credits will be submitted to Education Administration Services by the ALC or high school at which the learner completed the course.

### **Non-graduate, enrolled as an ALC Learner**

- An under-age learner may attend an ALC exclusively if the following conditions are met:

The ALC must be able to provide the learner with appropriate courses to be applied towards a regular high school diploma.

In the initial assessment of the learner, the Education Director must be able to determine that the learner's educational needs would best be served in the ALC environment.

For funding purposes, these learners will be supported by the annual ALC program grant in the same manner as all other ALC learners.

- An under-age learner who is enrolled as an ALC learner may also attend a school for the purpose of taking a maximum of two credits per school year.

In this situation it will be at the discretion of the school division and the ALC to negotiate any transfer of funds that will occur.

In this situation, the learner is considered to be a student of the ALC for the purpose of reporting marks. This means that, on completion of the course, the high school will report a mark to the ALC, and the ALC will be responsible for forwarding that mark to Education Administration Services as a part of the regular mark reporting process. This process parallels the process for reporting summer school marks.

### **Non-graduate, enrolled in a high school**

- An under-age learner, who is enrolled and in attendance at a high school, and for whom the school division will receive grant monies from the Funding of Schools Program, may also attend an ALC for the purpose of taking a maximum of two credits per school year.

In this situation, the school and the ALC must jointly decide that it will be in the best interests of the learner to attend the ALC for the specified courses.

In this situation, the learner is considered to be a student of the high school for the purpose of reporting marks. This means that, on completion of the course, the ALC will report a mark to the high school, and the high school will be responsible for forwarding that mark to Education Administration Services as a

part of the regular mark reporting process. This process parallels the process for reporting summer school marks.

In this situation it will be at the discretion of the school division and the ALC to negotiate any transfer of funds that will occur.

### EIS Collection 2022 Changes

#### No significant changes to report

August 2022

To: Secretary Treasurers, School Divisions  
Principals of Funded Independent Schools

#### Updates for EIS Collection 2022

On behalf of Manitoba Education and Early Childhood Learning, I am providing you with information on changes to EIS collection for 2022. Changes to codes, validation and reports have been summarized in the attachment.

For the 2022/23 school year, the EIS Collection application, including all updates and changes, will be distributed primarily through the Manitoba Education web site: [www.edu.gov.mb.ca/k12/eis](http://www.edu.gov.mb.ca/k12/eis). This will be available in the latter part of August.

The reporting date for enrolment and categorical data is **September 29, 2022**. The data is due **October 14, 2022**. Enrolment and other related data from all school divisions/funded independent schools must be uploaded to the department's EIS database before provincial funding levels for the current and next budget years can be determined. Therefore, it is crucial that school divisions/funded independent schools maintain efforts to meet the 2022 timeline.

On behalf of all the branches that collect data through the EIS Collection, I want to thank school and division staff for their cooperation. Questions regarding the changes to EIS Collection in the attachment can be directed to [AppSupportEISCOLL@gov.mb.ca](mailto:AppSupportEISCOLL@gov.mb.ca)

Sincerely,

Faisal Shibley  
Director
