Acknowledgements

Manitoba Education, Citizenship and Youth acknowledges the individuals involved in the review and selection of learning resources to support provincial curriculum implementation. Appreciation is extended also to school divisions within Manitoba that supported teachers’ participation in the review. Finally, publishers, producers, and distributors are thanked for their submission of learning resources for consideration.
INTRODUCTION

Reference for Selecting Learning Resources

ENGLISH AS AN ADDITIONAL LANGUAGE (EAL) AND LITERACY, ACADEMICS, AND LANGUAGE (LAL) PROGRAMMING: KINDERGARTEN TO GRADE 12 LEARNING RESOURCES is a reference tool provided by Manitoba Education, Citizenship and Youth to help educators select student and teacher learning resources to support the curriculum. Recommended learning resources may be purchased through the Manitoba Text Book Bureau (MTBB), and many of the titles may be borrowed from the Department’s Instructional Resources Unit (Library).

The bibliography is arranged alphabetically by title, followed with indexes. The indexes may include audience, (for example, resource for teachers or resource for students), grade, distributor, category (for example, depth resource), and suggested use.

Learning Resources Reviews

Publishers submit resources for review in response to the Department’s request for new learning resources to support provincial curricula. Teachers, nominated by superintendents of school divisions, are selected as teacher-evaluators. Using a collaborative review process, the teacher-evaluators examine the materials according to the resource-selection criteria to make recommendations regarding the suitability of the resources for Manitoba students and teachers.

Resource Selection Criteria

Learning resources are selected based on the basis of their fidelity with the rationale, philosophy, processes, and learning outcomes identified in each curriculum. Four evaluation criteria are used in selecting learning resources:

- **Curriculum Fit/Content/Philosophy:** the degree to which the content and processes of the resource align with the curriculum, thus providing support for curriculum implementation.

- **Instructional Design:** the degree to which the resource provides for multiple approaches to learning, has a wide range of use, is current, and reflects current pedagogical theory and practice.

- **Social Considerations:** the degree to which the resource is free of bias and stereotyping. The resource is examined for Canadian content, the use of culturally diverse examples, and accurate portrayal of First Nations, Inuit, and Métis peoples. Cautionary notes are added to alert teachers to potentially sensitive curriculum-fit issues or potential community concerns related to the resource.

- **Technical Design:** the degree to which the resource is visually appealing and has a logical and consistent form.
When selecting learning and teaching resources, teachers should consider how the resources meet the learning requirements of students, the needs and interests of the student population, and local decisions related to the delivery of potentially sensitive content.

**Terms and Definitions**

The following terms and definitions are used to describe the learning resources:

- **Breadth**: identifies learning resources that address a wide range of student learning outcomes for a particular grade.

- **Depth**: identifies learning resources that provide effective learning experiences in greater detail for a narrower grouping of student learning outcomes.

- **Breadth and Depth**: identifies comprehensive learning resources that provide both breadth and depth dimensions for an extensive grouping of student learning outcomes.

- **Teacher Reference**: identifies resources that assist teachers in implementing the curriculum, including background information for teacher use; may identify teaching suggestions and learning activities.

- **Teacher Guide**: identifies a separate guide for teachers or a teacher’s edition of a Student Text.

**Purchase of Learning Resources**

The learning resources described in the bibliography are available for purchase through the [Manitoba Text Book Bureau Catalogue of Learning Resources](http://www.mtbb.mb.ca). For information or assistance regarding the purchase of learning resources, contact:

**The Manitoba Text Book Bureau (MTBB)**

- Box 910
- Souris, MB R0K 2C0
- Toll free: 866-771-6822 (Manitoba and Saskatchewan)
- Telephone: 204-483-5040
- Fax: 204-483-5041
- Email: mtbb@gov.mb.ca

This reproducible resource is suitable for use in Senior Years EAL Stages 3 and 4. All four books in the series deal with Canadian themes: Book One - things; Book Two - places; Book Three - people; and Book Four - events. Each book covers one theme from A to Z, twenty-six in all.

The resource has the following format:

- A reading passage with numbered paragraphs
- The main idea - multiple choice
- Understanding what you read - written answer
- Remembering details - true or false
- Inferences - multiple choice
- Interpretation - spoken or written answers
- Word power - multiple choice
- Magic word - fill in the blank
- Answer key

The information contained in these texts provides insight into the depth and breadth of the Canadian culture. It makes the leap from “How to say things” to “What to say” in everyday and academic contexts. There are good connections to the EAL and social studies curriculum. This collection of readings can be used in a variety of ways. It provides culturally relevant topics to use in conversations.

This communicative course integrates real-life skills with essential language, vocabulary and Canadian cultural information.

The resource is appropriate for use with EAL students in Senior Years, EAL Stages 1, 2, 3, 4, and 5 of the Manitoba Curriculum Framework (EAL and LAL). It covers GLOs: Making Meaning, Contextual Applications, Strategies and Language Structures, Features and Forms for the Skill Areas of Reading, Writing, Speaking and Listening.

Features:
- Thematic units include Canadian content with practical information about life in Canada
- Core activities focus on dialogues, reading texts, listening to audio texts, and viewing videos (levels 4-5)
- Develops functional language for everyday use and general academic use.
- Follow-up activities recycle language and concepts and lead the students into meaningful practice contexts, using thought-provoking themes.
- Listening, speaking, reading, writing, grammar, pronunciation and vocabulary-development exercise are integrated into all units.
- Clear illustrations (but not photographs) lend visual support.
- Levels 1-5 accompanied by audiocassette; Levels 4 and 5 are accompanied by CBC video (tape).

This reproducible resource is suitable for use in Middle Years EAL Stage 3 and beginning Stage 4, and Senior Years EAL Stages late Stage 2 and Stage 3. It features readings about Canadian people, places, things, and events.

The format for each lesson is the same:

- Pre-reading - a vocabulary exercise
- Short story
- The Main idea - multiple choice
- Making Comparisons - multiple choice
- A written component that might include cause and effect, ordering events, making inferences, true or false, organizing information, or remembering details
No teaching strategies are provided, but this collection could be used in a variety of ways. There are some connections to the social studies curriculum and the EAL curriculum. This resource adds to the students’ knowledge of Canadian culture.

*English, Yes!* is a literature based reading program for English language learners with levels two to seven, corresponding to levels Introductory, Beginning, Intermediate A, Intermediate B, Advanced, and Transitional.

Recommendations for use:
- Level 2- Middle Years - late Stage 2 and beginning Stage 3 and Senior Years- Stage 2
- Level 3- Middle Years - Stage 3 and Senior Years- Stage 3
- Level 4- Middle Years- early Stage 4 and Senior Years- Stage 3
- Level 5- Middle Years - Stage 4 and Senior Years - late Stage 3
- Level 6- Senior Years - Stage 4
- Level 7- Senior Years - Stage 4

Each book contains readability-controlled stories, of increasing length and complexity from contemporary and classic literature. The paragraphs are line referenced to help the student find specific answers. Each unit in every book is organized into a three part skills check using the acronym YES
- Y (You Can Answer These Questions - 10 multiple choice questions)
- E (Exercises to Help You - varied exercises using direct writing activities for comprehension, sentence structure, verb tense, parts of speech, and punctuation)
- S (Sharing with Others - cooperative and shared learning activities to improve listening, speaking, and writing skills)

Levels 2 to 5 use literature to develop general language and reading comprehension skills. Levels 6 and 7 adopt English Language Arts approaches in their use of thematic units and increasing emphasis on higher level thinking skills. Strategies are highlighted throughout the series. The readings are thought provoking and relevant to student experiences.

There is a table of contents with each book, headings, numbering, and some text boxes. The illustrations are black and white line drawings with blue highlighting.
An audio CD with readings from the book accompanies each level of book.

Note: The audio CD needs a computer to run.

The reproducible resource is intended for use in Middle and Senior Years EAL Stage 3 and 4. This book contains twenty-five articles about science, all at a similar reading level. Each stand-alone unit contains a reading selection on a variety of popular contemporary science topics, such as stem cells, lunar landings, earthquakes and acupuncture. Each unit has the following format:

- A reading passage with numbered paragraphs
- The main idea - multiple choice
- Understanding what you read - written answer
- Remembering details - true or false
- Inferences - multiple choice
- Interpretation - spoken or written answers
- Word power - multiple choice
- Crossword puzzle
- Answer key

The International Holiday and Festival Primer includes two books. Each of these reproducible books has twenty-five specific holidays from around the world. They are intended for use in Middle years EAL Stages 2 and 3, and Senior years Stages 2 and 3. These books are useful for addressing the diversity objectives in the EAL curriculum as well as social studies curricular connections. The books’ format includes the following sections:

- A reading passage
- Main ideas vs. supporting details
- Understanding what you read
- Remembering details
- Inferences
- Interpretation
- Word power
- Crossword puzzle
- Answer Key

The table of contents includes the name of the holiday and its originating country.

Teachers are permitted to reproduce the pages.

This teacher resource is intended for use in Early Years, EAL Stages 1 and 2. It supports EAL curricular outcomes for Kindergarten to grade 3 through the story of a boy and his frog. Two skills addressed are sequencing and the use of prepositions.

The large (11” x17”’) picture story book includes nine loose pages containing a synopsis of the story, teaching suggestions, games, and vocabulary cards. The black and white line drawings are simply drawn.

Note: The worksheets are somewhat dense and difficult for beginning EAL writers to use.

This resource is intended to build the vocabulary essential to understanding the key concepts typically studied in science classes. It consists of a series of workbooks for students, accompanying teacher’s guides, and audio CDs.

The non-reproducible student workbooks, for levels A to H, are organized into three groups of lessons; life science, earth science, and physical science. Each grouping contains the lessons organized in the following way:

- A reading passage with vocabulary words listed at the top and highlighted in the selection
- An exercise to circle the correct word matching a picture
- An exercise to circle the correct word answering a question
- An exercise to complete a sentence (the words are provided above)
- A writing exercise for students to include the new vocabulary

At each level, the reading passages and the student exercises become more difficult.

In addition to vocabulary words at the top of pages, there is a good use of black and white visuals, both photos and line drawings. Students can write their own science words at the back of the book. There is a table of contents and glossary that cross-references the word to the lesson and page.

The Earth Science, Life Science and Physical Science books, similar in format to the Level A to H books, have a greater level of difficulty in the text as well as more diagrams, charts, and graphs.

The Teacher’s Guide contains several sections:

- A guide to the lessons, including teaching suggestions, strategies for before, during, and after reading, vocabulary strategies, extensions, and take-home activities, answers for student exercises
- Reproducible worksheets for vocabulary and writing graphic organizers
- Reproducible take-home cloze activities
- Word and definition cards with the word on one side and the definition and a visual on the other.

Every level of the series has an audio CD of the reading passages.

This resource is intended for use in Middle Years, EAL Stages 2 and 3; and Senior Years, EAL Stages 2 and 3. It follows the same format as Level C and is a good follow-up to it. At this level the student exercise to circle the correct answer
to a question has been replaced with an exercise to choose the correct two words to complete a sentence.
This resource is intended for use in Middle Years, EAL Stages 2 and 3; and Senior Years, EAL Stages 2, 3, and 4. It follows the same format as Level D and is a good follow-up to it. At this level the student exercises include: a matching word to definition exercise, circling a correct word, then writing it, choosing the correct vocabulary to complete a sentence, and writing new vocabulary in a sentence.

Reading Science is a reading program designed for English language learners. It integrates academic language development, content area reading and explicit instruction in reading and learning strategies. Explicit vocabulary instruction is based on useful content specific vocabulary and general academic English vocabulary drawn from the Academic Word List (Coxhead, 2000).

The series has three levels: High Beginning, Intermediate, and High Intermediate, which roughly corresponds to Manitoba Curriculum Foundations:

- High Beginning- Middle Years and Senior Years- Stage 3
- Intermediate- Senior years- Stages 3 and 4
- High Intermediate- Senior years-Stage 4.

Each consumable student workbook has a corresponding Annotated Teacher Edition that includes answers and Teacher Note Tips that give language and content connections. The non-reproducible student workbooks contain twenty lessons on a variety of science topics, including earth, life, physical science, biology and astronomy. The lessons, set up as reading lessons, include: Before you read, which includes vocabulary development; While you read, which has a reading passage; and After you read, which contains reading strategies, testing comprehension skills and organizing ideas components. After every five lessons, a vocabulary assessment synthesizes content area and academic English vocabulary, and students must use this new vocabulary in their own sentences.

The books have a table of contents, glossary, and a personal dictionary at the end of the book, where students can write their own words. Paragraphs are line referenced to help the students find information. Headings, bullets, graphic organizers and some coloured highlighting aid reading. However, the teacher must provide the visuals and activities that promote oral interaction. The teacher edition provides suggestions for scaffolding and activating prior knowledge. The book provides what vocabulary to target within a content area, and how to present it to students.

Sequences: Picture Stories for ESL

Author(s): Chabot, John F.
Edition: 2006
Year: 2006
Pagination: 120 p
Format: Print
Publisher: Glencoe/McGraw-Hill
Distributor: McGraw-Hill Ryerson

Audience: EAL/Resource Teacher, Classroom Teacher with EAL students
Category: Early Years, Middle Years, Senior Years
Suggested Use(s): Middle Years, Senior Years
This reproducible resource is intended for use at the Early Years, EAL Stages 2 and 3, Middle Years, EAL Stages 2 and 3, and Senior Years, EAL Stage 2.

Each unit has the following format: a one page storyboard of six numbered frames with illustrations, and on the opposite page exercises with the headings: Which drawing is it? Where is it? And Point it out. Teacher and student instructions are included.

The book can be used with students in a variety of ways depending on their skill level and the setting. It supports constructive and language building experiences.

This teacher resource is intended for use in Early Years, EAL Stages 1 and 2. It could be used at a higher grade level to support discussion of topics such as the water cycle, and the changes that come with the seasons affecting plants, clothing, sports, and activities.

Some suggested uses are:

- Access prior knowledge of spring
• Develop vocabulary comparing spring or climate in different countries
• Compare and contrast the home country and the Canadian experience for winter and spring, various activities, clothing, climate, playgrounds

The large (11” x17”) picture story book includes five loose pages with teaching suggestions, games, and vocabulary. The black and white line drawings are simply drawn.

*Windows on Literacy: Language, Literacy and Vocabulary* program is an extensive collection of titles. Listed below are selected titles from the program’s Emergent, Early, Fluent and Fluent Plus levels recommended in Manitoba for their suitability in supporting the Manitoba EAL curriculum outcomes. Depending on the individual book, they are recommended for use at the Early Years level, EAL Stages 1, 2 and 3; the Middle Years level at Literacy level 1 and 2, and EAL Stages 1, 2, and 3; and Senior Years, Literacy level 1 and 2, and Stages 1 and 2.

The books are arranged by theme for each developmental level in the subject areas social studies, science, and math. Each theme consists of one concept book, which introduces the theme and develops key concepts and academic vocabulary, and two related non-fiction books that support and develop key concepts and academic vocabulary.

The front matter of the concept books includes the following information:
  • Subject area focus which lists the key concepts and background information
  • Literacy focus, which includes the comprehension strategy, the key concept words, and the text features being introduced
  • Customize Instruction which gives suggestions for instruction

The front matter of the related non-fiction books includes the following information:
  • Literacy focus which includes:
    • Word count and the vocabulary of High Frequency Words and Content Area Words
    • Decoding or Reinforcing Decoding Skills
    • Comprehension/Thinking Skills
• Writing, Speaking, and Listening Skills

• Subject Area Focus which includes:
  • Content and Thinking Skills
  • Building Subject Background Information

The outstanding feature is the standard of the photographs - clear, precise, detailed, and colourful. They also show a diversity of people of various ethnic backgrounds, ages, abilities and gender.

The text follows the illustrations well, with sufficient white space for each developmental level and appropriately sized font. Captions, labels, bullets and other text features are introduced at the appropriate levels.

The reproducible resource is intended for use in Middle and Senior Years EAL Stage 3 and 4. This book contains twenty-five articles about food and nutrition. Each stand-alone unit contains a reading selection on a variety of contemporary food and nutrition topics, such as obesity, the globalization of food, and vegan diets. Each unit has the following format:

- A reading passage with numbered paragraphs
- The main idea - multiple choice
- Understanding what you read - written answer
- Remembering details - true or false
- Inferences - multiple choice
- Interpretation - spoken or written answers
- Word power - multiple choice
- Word search
- Answer key
