

BLM OLE.8#1: Reflection Journal Learning Centre

Overview

At this learning centre, make a Reflection Journal entry, using word processing software.

Software Resources

- email
- word processing
- web authoring

Task

- After brainstorming with peers in a collaborative group or individually, write a few sentences of reflection at the computer, using the word processor.
- Name the file “my first name and last initial” ReflectionJournal.doc and save it in the Reflection Journal folder on the class website.
- Email the word-processed file as an attachment to the teacher for editing. (Text posted on the web must be grammatically correct and error free.)
- The next day, make the editing changes suggested by the teacher.
- Post the Reflection Journal entry on the class website.

Collaborative Goal

- Decide how to rotate at the learning centre.
