INTRODUCTION

Purpose

The purpose of the *Subject Table Handbook* is to support schools in the 2019/2020 school year by

- providing basic information to schools for entering student records into the Student Records system (SRS)
- providing subject computer codes for courses developed by Manitoba Education and Training and for those approved or registered by the department

A new edition of the *Subject Table Handbook* is provided for the beginning of each school year. It reflects changes to course codes, credits, et cetera, that apply for the upcoming school year. Schools are responsible for ensuring that they are using the appropriate edition of the *Handbook* when reporting Senior Years student marks to Education Administration Services. **Note that schools must use the September 2018–August 2019 *Subject Table Handbook* for reporting 2018/2019 student marks in the summer and fall of 2019.**

This edition of the *Subject Table Handbook* is in effect from September 1, 2019, to August 31, 2020, and is available online at www.edu.gov.mb.ca/k12/policy/sth.html. Placing the content of the *Handbook* online provides information about course codes, levels, and credits to accommodate schools in setting up their registrations and course offerings for the next school year. Some changes may occur over the 2019/2020 school year as new curricula are released. The online content will be updated several times during the year, but schools should exercise some caution when setting up their course codes. The *Subject Table Handbook: Technology Education* is a separate handbook and should be used only by Senior Years schools with Technology Education Programs. The Handbook for Technology Education is available at www.edu.gov.mb.ca/k12/docs/policy/sthte/index.html.

Senior Years Credit System

The Senior Years (Grades 9 to 12) credit system provides flexibility to enable students to pursue Senior Years courses best suited to their individual requirements and aspirations. A student may earn *one credit* by undertaking and successfully completing a course of study designed for a minimum of 110 hours of instruction. *Half credits* (courses designed for a minimum of 55 hours of instruction) may be earned in like manner. There are two categories of credits: compulsory and optional.

Graduation Requirements—English Program

All students who meet the credit and program requirements set by Manitoba Education and Training must be issued a provincial high school diploma. A school may also award a local high school diploma to a student who meets the requirements for a provincial high school diploma as well as any additional local program and credit requirements that the school board or funded independent school may set. Local high school diplomas are issued in addition to, not in place of, a provincial high school diploma.

To obtain Grade 12 standing and receive a provincial high school diploma, a student must complete a minimum of 30 credits and meet the graduation requirements in one of the four recognized programs. Graduation from the English Program requires 17 credits from compulsory courses in language arts (4), mathematics (4), social studies (3), science (2), and physical education/health education (4), and 13 credits obtained from optional courses.

At least one optional credit must be at the Grade 11 level and at least two optional credits must be at the Grade 12 level. Optional courses may include languages, mathematics, science, social studies, arts, information and communication technology, career development, business and marketing, industrial arts/technology education, technical-vocational education, school-initiated courses (SICs), student-initiated projects (SIPs), Advanced Placement (AP), International Baccalaureate (IB), and dual credits.

See www.edu.gov.mb.ca/k12/policy/grad_require.html for further information.

Please see www.edu.gov.mb.ca/k12/policy/gradreq/docs/grad_req_en.pdf for more information.

Senior Years Course Identification

Course Numbering

The present course numbering system comprises a three-character, alpha-numeric code. The first and second characters are numerals, while the third is a letter.

■ First Character

- 1 – for courses developed for Grade 9
- 2 – for courses developed for Grade 10
- 3 – for courses developed for Grade 11
- 4 – for courses developed for Grade 12

■ Second Character

- 0 – developed by Manitoba Education and Training for one credit
- 5 – developed by Manitoba Education and Training for one-half credit
- 1 – developed by schools or school divisions and registered by Manitoba Education and Training
- 2 – externally developed by an educational authority and, in the case of dual credit, a post-secondary institution (e.g., university, out-of-country)

■ Third Character

- G – General
- F – Foundation
- S – Specialized
- E – EAL
- M – Modified
- I – Individualized
- C – College-based
- U – University-based

Course Designations

Foundation (F):

Educational experiences that are broadly based and appropriate for all students and that may lead to further studies beyond the Senior Years (e.g., apprenticeship, college, and university). When a subject area is compulsory for graduation and there is only one course option, the designation will be F.

General (G):

General educational experiences or courses with no department-developed curricula such as school-initiated courses (SICs), student-initiated projects (SIPs), Special Language Credit Option credits, or non-Manitoba course credits.

Specialized (S):

Educational experiences in specialized areas leading to further studies beyond the Senior Years (e.g., apprenticeship, college, and university). When a subject area is compulsory and there is more than one option, the designation will be S.

EAL (E):

Educational experiences designed to focus on English as an additional language (EAL) learning goals in the context of the subject area, based on the student's assessed level of EAL proficiency, and to assist the student in making the transition into regular Senior Years programming in this content area. An EAL individual educational plan (EAL-IEP) is required for each student.

Modified (M):

Educational experiences intended for students with significant cognitive disabilities and where the provincial subject area curriculum outcomes have been modified to take into account the learning requirements of a student; an individual education plan (IEP) is required for each student.

Individualized (I):

Educational experiences intended for students with significant cognitive disabilities and that are developmentally and age appropriate and highly individualized to take into account the learning requirements of the student; an individual education plan (IEP) is required for each student.

Note: Students in individualized programming do not use Education and Training curricula. The designation indicates student participation in individualized programming. For example, 11I indicates year one of student participation in locally developed programming individualized for the student; 7II indicates year seven of such participation.

College-based (C):

Post-secondary courses that can be recognized for dual credit at the Grade 12 level (and in some cases, at the Grade 11 level) and also for the first year of college. These courses count toward fulfilling the credit requirements for high school graduation.

University-based (U):

Post-secondary courses that can be recognized for dual credit at the Grade 12 level and also for the first year of university. These courses count toward fulfilling the credit requirements for high school graduation.

Course Levels

Grade 9:

All subject area curricula, except technical vocational, will be developed as foundation courses. Some technology education curricula may be developed as specialized courses. The Foundation (F) course designation will replace the General (G) course designation as new curricula come into effect.

Grade 10:

As new curricula are introduced, all subject area curricula, except technical vocational and mathematics, will be developed as Foundation (F) courses. Some curricula for technology education and mathematics may be developed as Specialized (S) courses.

Grade 11:

As new curricula are introduced, a variety of subject area curricula will be developed for different purposes, including a range of Foundation (F) and Specialized (S) courses.

Grade 12:

As new curricula are introduced, a variety of subject area curricula will be developed for different purposes, including a range of Foundation (F), and Specialized (S) courses. Courses that qualify for a U designation are first-year University courses. Those that qualify for a C designation are first-year College courses.

Note: From Grades 9 to 12, a particular Foundation, General, and/or Specialized subject area curriculum can be altered on an individual basis via a student's individual education plan following departmental requirements. The E or M course designation then applies.

No departmental regulation will prevent a student from taking a designated course in one Senior Years grade and then switching to a different designation in a later grade. For example, a student who receives an M designation for Grade 9 Science (10M) could subsequently take Grade 10 Science (20F). Similarly, a student receiving an E designation for Grade 10 Science (20E) could subsequently take Grade 11 Chemistry (30S).

Examples:

Grade 9 English (10F)

Grade 9, curriculum developed by Manitoba Education and Training for one credit, Foundation course.

Grade 9 Science (10M)

Grade 9, curriculum developed by Manitoba Education and Training for one credit, Foundation course modified in curriculum to accommodate a student with significant cognitive disabilities according to the individual education plan (IEP).

Grade 10 Introduction to Applied and Pre-Calculus Mathematics (20S)

Grade 10, curriculum developed by Manitoba Education and Training for one credit, Specialized course.

Grade 10 Science (20E)

Grade 10, curriculum developed by Manitoba Education and Training for one credit with focus on English as an additional language (EAL) learning goals in the context of science, based on the student's assessed level of EAL proficiency and designed to assist the student in making the transition into regular Senior Years programming in science.

Grade 11 Sociology SIC (31G)

Grade 11, a school-initiated course developed locally, for one-half or one credit, General course.

Grade 11 Arabic (31G)

Student in a Manitoba school and has completed the Special Language Credit Option.

Grade 11 Arabic (32G)

Student in a Manitoba school and has external credentials under the Special Language Credit Option.

Grade 12 English-IB SL (42S)

Developed elsewhere, approved by Manitoba Education and Training for one credit, Specialized course.

Fifth Class Power Engineering Theory (E26T282) 42C

First-year college-level course for dual credit, developed by a college and approved by Manitoba Education and Training for one-half credit, College-based course.

Calculus (32.1101/6) 42U

First-year university-level course for dual credit, developed by a university and approved by Manitoba Education and Training for one credit, University-based course.

Individualized Programming (31I)

The credit designation applies to those students whose cognitive disabilities are so significant that they are unable to benefit from department-developed or -approved curricula. The 31I signifies that a student has completed three years in an Individualized program.

Note: The French 9-year course (code 0403) has the F (Foundation) designation at the Grade 9 and Grade 10 levels. In Grade 11 and Grade 12, the French 9-year course has the S (Specialized) designation.

Granting Other Credits for Senior Years

Cadets

Students can earn up to two credits for successful completion of the Cadet basic and advanced training programs. The Cadet credits are recognized only as additional credits beyond the minimum 30 credits required for provincial graduation. Course codes related to Cadets are listed in the department-approved section.

Private Music Option

The Private Music Option code is used to record credits obtained from Conservatory Canada or the Royal Conservatory of Music. Upon successful completion of practical examinations and theory co-requisites, marks can be reported only as an “S” for “Standing” for Grade 9 (12G), Grade 10 (22G), Grade 11 (32S), and Grade 12 (42S). The credits are recognized only as additional credits beyond the minimum 30 credits required for provincial graduation. Additional information is available at www.edu.gov.mb.ca/k12/cur/arts/music/pmo.html.

Advanced Placement and International Baccalaureate—Senior Years

All Advanced Placement (AP) and International Baccalaureate (IB) courses currently offered in Manitoba schools, as communicated to the department, are recognized by the department and are listed in the *Subject Table Handbook* for teacher workload and student records/credit purposes as follows:

- externally developed department-registered
- for one credit based on curriculum designed for 110 hours of instruction or one-half credit based on curriculum designed for 55 hours of instruction
- for Grade 11 and Grade 12 only
- for reporting purposes, the second digit in the course designation will be a 2 (representing externally developed curricula) and the third digit an S (representing a Specialized course)

Course codes related to IB and AP are listed in the section of this *Handbook* titled Externally Developed Department-Registered.

Challenge for Credit

The Challenge for Credit Option offers students the opportunity to apply prior knowledge in a particular subject area by demonstrating achievement in the learning outcomes of that course/speciality and receiving credit for it. For information on the Challenge for Credit Option refer to www.edu.gov.mb.ca/k12/policy/gradreq/docs/choice_attacha.pdf.

Community Service Student-Initiated Project (CSSIP)

Students may earn one Community Service credit (in the form of an SIP) within the 30 credits for graduation. These SIPs consisting of volunteer service are not to be registered with the department. A Community Service SIP course code (8977) is available. Guidelines for this SIP are available in Appendix B of *Locally Developed Curricula: School-Initiated Courses and Student-Initiated Projects* at www.edu.gov.mb.ca/k12/docs/support/ldc/index.html.

Cultural Exploration Student-Initiated Project (CESIP)

Students can gain valuable educational experience by enhancing their knowledge of their own cultural origins or a cultural group that interests them through interaction with community members such as Elders and members of cultural organizations. The skills, knowledge, and attitudes obtained from such activities can increase a student's self-esteem and maturity, strengthen cultural identity, and/or provide greater intercultural understanding and an appreciation of cultural diversity. One credit may be available to a student who participates in such activity in the Senior Years for graduation purposes. CESIPs do not require departmental registration. Additional information is available at www.edu.gov.mb.ca/k12/policy/gradreq/docs/culture_guidelines.pdf.

Distance Learning Courses

Senior Years students may take compulsory or optional courses in either print or online format, including courses delivered from outside the province. See www.edu.gov.mb.ca/k12/dl/index.html.

In-Province Courses: The course codes for in-province compulsory and optional distance learning courses that are based on department curricula are the same codes that are used for in-class instruction (e.g., 0092 ELA: A Comprehensive Focus 40S).

Out-of-Province Courses: The distance learning optional courses delivered by an out-of-province educational authority are the same as those for any non-Manitoba credits. See www.edu.gov.mb.ca/k12/docs/policy/op_credits/index.html for information on granting non-Manitoba credits.

Recognizing Post-Secondary Courses for Dual Credit

Post-secondary courses can be offered to students while they are attending high school or an adult learning centre. Upon the successful completion of a post-secondary course, a student earns a post-secondary credit that counts towards fulfilling the credit requirements for high school graduation. Final grades are reported on the provincial report card as Complete or Incomplete, and upon successful completion, reported to the department as Standing (“S”). For more information, see www.edu.gov.mb.ca/k12/policy/gradreq/alt_credits.html.

School-Initiated Courses (SICs) and Student-Initiated Projects (SIPs)

Information about school-initiated courses (SICs) and student-initiated projects (SIPs) is available at www.edu.gov.mb.ca/k12/docs/support/ldc/. The most current information on registration procedures is found there.

Special Language Credit Option

This credit option provides for the recognition of Manitoba’s linguistic diversity. Students proficient in languages other than English or French are eligible. Only one special language credit may be earned at each of the Senior Years grades. Student marks can be reported as a percentage mark; however, “S” for “Standing” may be used for granting additional/prior credit(s). For further information refer to www.edu.gov.mb.ca/k12/docs/policy/lancredits/.

Substitution of Credits in Unusual Situations

In exceptional circumstances, and in discussion with parents, a school administrator may approve the substitution of an optional course for a compulsory course. Substitution of credit is permitted for any compulsory subject. School divisions/schools can decide whether to allow substitution of credits. A maximum of two substitute credits may be used toward high school graduation. If a course is substituted for another, the school must report the substitution to Education Administration Services and note the substitution on the student’s transcript and report card. See https://www.edu.gov.mb.ca/k12/policy/gradreq/docs/substitution_credits_policy.pdf for the policy and https://www.edu.gov.mb.ca/k12/policy/gradreq/docs/substitution_form.pdf for the reporting form.
