FUNDING OF INDEPENDENT SCHOOLS INTRODUCTION

In order to receive funding for eligible enrolled students, independent schools must conform to the requirements set out in **The Public Schools Act**, Manitoba Regulations and Departmental Policies.

This brief summary is intended to be an easy-to-read reference guide describing the funding parameters for the 2023/2024 school year. In cases of dispute, **The Public Schools Act** and **Manitoba Regulations** remain the legal reference. If additional or more complete information is required, the reader should refer to the legal documents.

Direct funding is provided to eligible independent schools for:

- Instruction and Services,
- Special Needs Level 2 and Level 3, and
- Curricular Materials, a portion of which is provided through the Manitoba Learning Resource Centre and the balance is included in the monthly payments.

Indirect funding is provided to Independent Schools through Shared Service Agreements with Public School Divisions for:

- Clinician Services,
- Facilities and Resources, and
- Transportation

- the 2021 - 2022 net operating cost per public school division F.T.E.¹ pupil

¹ Full Time Equivalent (FTE) means the number of pupils enrolled as at September 29 less the nursery pupils and one half of the kindergarten pupils

- multiplied by the number of eligible independent school pupils residing in that public school division at September 29, 2022
- divided by the total eligible enrolment in funded independent schools at September 29, 2022
- multiplied by 50%

Where the 2021- 2022 net operating cost per public school division F.T.E. pupil is calculated as:

- 2021 - 2022 total school division N-12 operating expenditures
- Less revenues from Other School Divisions, expenses for Adult Learning Centres and Community Education and Services, Level 2 grant, Level 3 grant, and Curricular Materials Support
- Divided by the public school division F.T.E. enrolment as at September 30, 2020

An eligible pupil is defined as an enrolled pupil who:

SPECIAL NEEDS SUPPORT

Level 2 and 3 support is provided, on an application basis, for approved pupils who require and receive exceptional supports within the guidelines for Level 2 and 3 funding support. Applications are completed by schools and submitted to the Funding Review Team, Program and Student Services Branch, to determine eligibility. The process for application and guidelines for support are available at [Special Needs Funding - Level 2 & Level 3 \(gov.mb.ca\)](#).

Funding for pupils approved for Level 2 support is \$ 9,500 per eligible F.T.E. pupil.

Funding for pupils approved for Level 3 support is \$21,130 per eligible F.T.E. pupil.

Special Needs support is determined based on the number of eligible F.T.E. pupils enrolled on September 29, 2023 and is, thereafter, adjusted to ensure that additional pupils identified throughout the school year receive funding.

Further information regarding Special Needs Funding is available at [Special Needs Funding - Level 2 & Level 3 \(gov.mb.ca\)](#).

CURRICULAR MATERIALS

The Curricular Materials grant is \$60 per eligible pupil at September 29, 2022.

SHARED SERVICE AGREEMENTS-- forms

Shared Service Agreements are provided for in the **Shared Services Regulation 131/2012**. An agreement between a public school division and an independent school must be approved by the **Minister of Education and Early Childhood Learning**. Shared Service Agreements need not be with the school division in which the school is physically located. Agreements are at the discretion of the public school division. Support will be paid to the public school division for eligible independent school pupils for the following services:

1. Clinician Services

Where a public school division provides clinician services by a qualified certified school clinician to independent school pupils, a per pupil grant is determined by dividing the clinician support for the school division for the preceding year by the eligible enrolment of the school division pertaining to that same year, and multiplying that per pupil amount by the current year eligible enrolment of the independent school.

2. Facilities and Resources

Where eligible pupils from the independent school attend a public school for home economics or industrial arts courses not available in the independent school, a full-time equivalent grant is determined by dividing the Base and Equalization Support for the school division for the preceding year by the eligible enrolment of the school division pertaining to that same year and multiplying that per pupil amount by the current year full time equivalent pupils from the independent school attending the public school for home economics or industrial arts.

3. Transportation

A grant is paid to the public school division, which provides transportation to eligible independent school pupils at September 29, 2022. Pupils must be transported from a point on an existing regular public school bus route to another point on the same route.

REPORTING REQUIREMENTS

INTRODUCTION AND UP-DATE INFORMATION

The Education Funding Branch collects enrolment and teacher data necessary to perform grant calculations for funded independent schools under the **Private School Grants Regulation** (M.R. 61/2012). Data is collected through the use of EIS Collection and paper forms. This document will assist schools in meeting the requirements for reporting for the 2023 - 2024 school year.

Independent school will be required to **email** enrolment reported through EIS Collection to the Education Funding Branch. Data that is exported from EIS Collection is automatically encrypted and password protected (ensure that check boxes are checked). Information on reporting requirements, indicators and codes used in EIS Collection is provided in **Part I: Reporting with EIS Collection**. Information on reporting and submission requirements and file location of the internet for paper forms is provided in **Part II: Reporting with Paper Forms**.

The primary changes from the 2023/2024 instruction booklet and other pertinent information are listed below.

- **September 29** is the 2023 reporting date for enrolment data. Refer to the Reporting Guidelines in Section 1.1 for further information on determination of the specific date of reference for other reporting or deadline dates. The reporting checklist in **Appendix A** has been updated to reflect the actual due dates for the 2023/2024 year.
- The **DEADLINE** for submission of **September 29, 2023** data to the Education Funding Branch is **October 16, 2023**.
- The Funding for Temporary Resident Policy has been updated. Please visit [Finance and Statistics | Manitoba Education and Early Childhood Learning \(gov.mb.ca\)](https://www.gov.mb.ca/finance-and-statistics/manitoba-education-and-early-childhood-learning) to view the policy in full.
- **IS 114N - Incidental School Closure Days Notification** forms submitted for approval will be returned to schools along with the School Days Summary at the **end of May**. Schools will only be notified if questions arise regarding incidental closures.
- The enrolment file and all applicable documents are to be **submitted by email** to the Education Funding Branch at efb@gov.mb.ca. The email subject line and the file name should only include the **Independent School name and school year**.
- PDF copies of the EIS CERT Part I and II forms and other required reports from EIS Collection must be signed, dated and emailed (no faxes) to Education Funding Branch with the enrolment file to efb@gov.mb.ca . Originals are to be kept on file in the school and made available upon request.
- **Consistent reporting of MET #'s, legal surnames and given names and birthdates for pupils is crucial for the maintenance and accuracy of the pupil database. Inconsistent reporting of this data from year to year, including**

birthdate transpositions and name differences causes duplicate reporting errors and in some instances may affect funding eligibility.

- Where indicated, **MET #'s** and **enrolment codes** must be provided for pupils on forms.
- Schools are responsible for determining a pupil's eligibility and for ensuring that enrolment is reported accurately and in accordance with the administrative requirements, guidelines and definition of an enrolled pupil (see Part I Sections 1.1, 1.2). This includes ensuring that:
 - pupils are in physical attendance in a school on the reporting date
 - pupils reported are receiving instruction from Manitoba certified teachers in approved Manitoba curriculum/courses or individualized programming
 - approvals are in place and attendance reporting requirements are met for pupils considered to be attending school, as they are participating in an approved activity or program under the **Activities and Programs – Learning to Age 18 Regulation** (see Appendix A)
 - the number of post-diploma credits that an adult has accumulated is properly reflected in the calculation of eligible percentage (see Part I Section 1.12)
 - the full course load (see Part I Section 1.1) for pupils in a regular high school program is not differentiated for the calculation of eligible percentage for adults and homeschool pupils (see Part 1 Section 1.12)
- Requests for adjustments (Part I Section 6) should be submitted to the Education Funding Branch, signed by the principal. A brief explanation of the reason for the adjustment is required. Requests for changes to pupil data **MUST** include **MET#'s**, **Enrolment Codes** and **Birthdate**. Requests for the addition of pupils with enrolment code **300 Non-Supportable – Not in Attendance/Expected by November 30th** will not be processed.
- To assist schools in compiling a request for adjustment, a template that may be customized for school use is available for download at [Finance and Statistics | Manitoba Education and Early Childhood Learning \(gov.mb.ca\)](https://www.gov.mb.ca/finance-and-statistics/manitoba-education-and-early-childhood-learning).
- A copy of the annual **Updates for EIS Collection 2023** letter is in **Appendix D**. Please review this letter and the attachment for information regarding validation and other changes that have been made.
- Contact List has been updated.
- **Appendix B – Checklist** has been updated to reflect the actual due dates for the 2023 - 2024 year.
- NOTE: In the 2022/23 school year, independent schools were asked to code Ukrainian refugee students as code 196 for the purposes of data collection. This practice will continue in 2023/24 school year.

- Reminder: Pupils over 21 years of age who have not received a high school diploma or those under 21 years of age who have received a high school diploma no longer have right to attend status. However, these pupils may be funded on a prorated basis according to the number of K-12 courses being taken, up to a maximum of four approved courses beyond the number of courses taken by the end of the school year in which graduation occurs.
- Reminder: The FB 114N is a standardized reporting form provided to assist divisions in meeting the incidental school closure days notification requirement under M.R. 101/95. Submission of the FB 114N to Education Funding Branch will fulfill a school board's obligation for the prompt notification of an incidental school closure to the Minister. Divisions will only be notified if the reported incidental school closure days will result in a loss of operating grant under the Funding of Schools Program. Submitted forms will be returned
- Personal information is being collected under the authority of the **Private School Grants Regulation** (M.R. 61/2012) and will be used for the purpose of determining and verifying funding eligibility. It is protected by the Protection of Privacy provisions of **The Freedom of Information and Protection of Privacy Act**.

Educational Information System (EIS)

[Educational Information System \(EIS\) | Manitoba Education and Early Childhood Learning \(gov.mb.ca\)](http://www.gov.mb.ca/learning/eis/)

1. ENROLMENT

Enrolment must be reported in accordance with the administrative requirements, guidelines and definition of an enrolled pupil described in section 1.1 and 1.2. The data fields required for reporting enrolment detail are outlined in sections 1.3 to 1.13.

1.1 Administrative Requirements and Reporting Guidelines

The following administrative requirements ensure that there are procedures, practices and controls in place at the school that provide assurance that enrolment is both accurate and in accordance with the definition of an enrolled pupil:

1. Enrolled pupils reported as per point a) of the Definition of an Enrolled Pupil (Section 1.2) are supported by an actual pupil count signed by a teacher. Homeroom teachers **must** report attendance by indicating on a classroom list the pupils that were present. In cases where there are no homeroom teachers, each classroom teacher for every class on September 29 **must** complete the attendance report. In both cases, **marking absences is not sufficient. Attendance reports must be signed and dated by the reporting teacher.**
2. All pupil enrolment on a school basis must be verified by the principal as being accurate and in accordance with the definition of an enrolled pupil.
3. Enrolled pupils reported as per points b) and c) of the Definition of an Enrolled Pupil (Section 1.2) must be verified as accurate through documentation signed by a classroom/homeroom teacher and/or by the principal of the school.
4. Documentation in support of the definition of an enrolled pupil does not have to be submitted to the Education Funding Branch, but must be on file in the school and made available upon request.
5. The principal and board chair are responsible for ensuring the establishment and maintenance of procedures, practices and controls at the school, which provide assurance that the enrolment data reported to the Education Funding Branch is accurate and in accordance with the definition of an enrolled pupil.
6. Enrolment must be reported electronically using EIS Collection and submitted by email to the Education Funding Branch, accompanied by PDF copies of certification from the principal and board chair that confirm the enrolment data is accurate and in accordance with the definition of an enrolled pupil.
7. The school external auditor` will audit the EIS Enrolment File Verification Report (Part 2 of the IS EIS Cert, see Section 5) and report on same in the annual Auditor's Report on Enrolment.

NOTE: A pupil participating in an activity or program **approved** under the **Activities and Programs – Learning to Age 18 Regulation (M.R. 139/2011)** is considered to be enrolled in, and attending, school. As such, the pupil can be reported as an enrolled pupil. See Appendix A for the specific requirements that must be met.

Reporting Guidelines:

- 1) Where reference to a specific date is made, and the specific date of reference falls on a weekend or a holiday, then the specific date becomes the last day of school prior to the weekend or holiday.
- 2) Where the reference to a specific date is made, and the specific date of reference falls on a day when a school is closed for an in-service or incidental reason, then the alternate date of reference for that school becomes the last day of school prior to the in-service day.
- 3) Where a pupil has been reported in more than one school, and one of those schools was closed for an in-service or incidental reason on the specific date of reference, the pupil will be included in the enrolment of the school that was open on the specific date of reference if the pupil was in attendance on the specific day of reference.
- 4) Pupils attending for second semester only should not be reported in enrolment.
- 5) Schools are required to set full course loads to be used in the calculation of eligible percentage (see Section 1.12). Full course load requirements are based on the number of full courses taken in a school year that the independent school has determined is a full course load for pupils in each of Grades 9 to 12 in a regular high school program. Full course load used for calculating eligible percentage for adult or homeschool pupils cannot be differentiated from the full course load set for a regular high school program. Second semester courses should be counted in determining a pupil's course load for the school year for the calculation of eligible percentage.
- 6) Where more than one funded independent school has reported the same pupil, the pupil will be included in the enrolment of the school:
 - a) in which the pupil was in attendance on September 29, or
 - b) if the pupil is in attendance in more than one funded independent school on September 29, the school where the pupil is deemed to be in regular attendance for the duration of the school year, or
 - c) if the pupil was not in attendance on September 29, the school where the pupil is deemed to be in regular attendance for the duration of the school year
- 7) Where a pupil is enrolled in two funded independent schools on September 29, the pupil is included in the enrolment of the funded independent school where the pupil is taking the greater number of approved courses during the regular school day.
 - i) A pupil enrolled in a public school and a funded independent school on September 29 is included in the enrolment of:
 - a) the school where the pupil is taking the greater number of approved courses, or
 - b) the public school, if the pupil is taking the same number of approved courses in each school,
 - c) the public school, if the pupil is in Kindergarten.

Please note that previous versions of the FB 113N form have included a restriction that prohibited adding temporary resident pupils as new Manitoba residents for enrolment purposes. This restriction has since been removed, and divisions may use FB 113N forms to add a temporary resident pupil as a new Manitoba resident in accordance with the aforementioned guidelines.

1.3 Age on December 31

The **Age on December 31** field automatically calculates and displays the age of the pupil on December 31, 2023. No entry is required in this field.

1.4 School

The **School** field is for reporting the school where the pupil is enrolled and in attendance on the reporting date.

1.5 School Student Number

The **School Student #** field is for reporting a locally assigned student number (not the MET number) used for the pupil in the school, if applicable.

Eligible enrolment, used for funding purposes, is compiled on the basis of the enrolment data submitted by schools to the Department through EIS Collection.

Eligible enrolment is calculated as follows:

Total enrolment (does not include pupils reported with enrolment codes 300 and 410) on September 29 less:

- (d) the non-supportable portion of enrolment for eligible part time pupils (100 series enrolment codes)

plus:

- (e) the supportable portion of enrolment for homeschooled pupils (enrolment code 410).

The **Enrolment** field is for entering enrolment codes and is required for all pupils. Enrolment code definitions are:

410 Homeschool Pupil

Homeschool pupils who attend school to receive instruction in approved Manitoba curriculum courses or individualized programming taught by Manitoba certified teachers.

NOTE: An entry is required in the **Eligible %** field on the Enrolment Screen (see Section 1.12). Homeschool pupils are not eligible for transportation, All other eligible funding, including Level 2 and 3 Special Needs support, is provided on a prorated basis according to eligible percentage. Adult pupils are not eligible for support as homeschool pupils.

Parent(s) or guardian(s) of a homeschool pupil must furthermore, have met the notification, information and reporting conditions in Section 260.1 of **The Public Schools Act**.

1.9 Resident Division

The resident division is reported in the **Resident Division** field. The resident division is the division which the pupil is considered to be a resident of based on criteria set out in the definition of resident pupil in **The Public Schools Act** as follows:

“Resident pupil as used to refer to, or describe a pupil in a particular school division means a pupil:

- a) whose parent or legal guardian, with whom he resides, is a resident therein, or
- b) who has attained the age of 18 years and is a Canadian citizen or permanent resident as defined in **The Immigration and Refugee Protection Act** (Canada) resident therein, or
- c) who, by reason of being dealt with under any provision of **The Child and Family Services Act or the Young Criminal Justice Act** (Canada), becomes a resident therein, or
- d) who is designated in writing by the Minister as a resident therein.”

NOTE: Supportable temporary residents (i.e. enrolment code 190) must be entered as residents of the school division where they reside.

Non-supportable pupils (i.e., enrolment codes 210, 310, 320, 340 and 390) who are not considered residents of any school division should be entered as **“Non-Resident of Any School Division”**.

1.10 Postal Code (Residence)

The **Postal Code (Residence)** field is for reporting the postal code of the pupil's physical home address, not mailing address.

1.11 Diploma Already Attained

The **Diploma already attained** field is completed if a pupil has a diploma, certificate of completion or equivalent standing from another jurisdiction. Where a pupil is reported with a supportable enrolment code and a diploma or certificate of completion, a corresponding entry is required in the **Eligible %** field on the **Enrolment** screen (see Section 1.12).

1.12 Attendance (Eligible %)

The **Eligible %** field is for reporting, where applicable, the percentage of time that a supportable adult or homeschool pupil is eligible for provincial funding.

An entry is not required in the Eligible % field for supportable pupils under 21 years of age on December 31 without a diploma or certificate of completion or for pupils reported with non-supportable enrolment codes (i.e. 210, 310, 320, 340 or 390).

Entries for homeschool pupils (i.e. enrolment code 410) must be between 10% and 90%.

Entries are required for all adult pupils reported with supportable enrolment codes (i.e. 100 series) and all homeschool pupils (i.e. enrolment code 410).

Pupils over 21 years of age who have not received a high school diploma, or those under 21 years of age who have received a high school diploma no longer have right to attend status.

These pupils may be funded on a prorated basis according to the number of K-12 courses being taken, up to a maximum of four approved courses beyond the number of courses taken by the end of the school year in which graduation occurs.

NOTE: A pupil's age is determined as at December 31 in accordance with the right to attend school, as per subsection 259(1) of **The Public Schools Act**.

Schools are required to set full course loads to be used in the calculation of eligible percentage. Full course load requirements should be based on the number of full courses taken in a school year that the school has determined is a full course load for pupils in each of Grades 9 to 12 in a regular high school program. A full course load differentiated from the regular high school program cannot be used for calculating eligible percentage for adult or homeschool pupils. **For example**, if a school has set the full course load for Grade 12 at 8 full courses, then 8 is the full course load that is to be used for calculating eligible percentage for adult and homeschool pupils.

Pupils attending for second semester only, including adult and homeschool pupils, cannot be reported in enrolment (see Section 1.1). Second semester approved courses should be counted in determining a pupil's course load for the

school year for the calculation of eligible percentage for adult and homeschool pupils in attendance for a minimum of one approved course in the first semester.

Approved courses means courses taught by Manitoba certified teachers, which qualify as credits under the **High School Graduation Requirements Regulation** (M.R. 167/99). Individualized programming means programming provided to a pupil in accordance with an individual education plan prepared under subsection 5 (1) of the **Appropriate Educational Programming Regulation** (M.R. 155/2005).

a) No Diploma or Certificate of Completion – 21 years of age or older on December 31 Receiving Instruction in Approved Courses

Funding is provided on a prorated basis according to the number of approved courses being taken up to a maximum of four credits beyond the number required for graduation. Pupils in this category are not eligible for transportation or Level 2 or 3 Special Needs support.

Eligible % is calculated by determining the maximum number of approved courses eligible for funding divided by the grade appropriate full course load established by the reporting school. The resulting percentage is rounded to the **nearest ten percent** (e.g. 0%, 10%, 20%, 30%).

For example:

A pupil 21 years of age or older who is 2 credits short of a high school diploma and is enrolled in 7 approved courses where 8 approved courses is a full course load.

Maximum credits allowed beyond	4		
Remaining credits required to graduate	2		
Maximum number of eligible courses		6 (A)	
Number of courses enrolled in for the		7 (B)	
Maximum eligible courses (lesser of A and		6 (C)	
Full course load for the school year			8 (D)
Eligible Percentage (C/D)			80%

b) Diploma - Receiving Instruction in Approved Courses

i) **Under 21 years of age on December 31.** Funding, including Special Needs support, is provided on a prorated basis according to the number of approved courses being taken up to a maximum of four credits beyond the number of credits taken by the end of the school year in which graduation occurred. Pupils in this category are not eligible for transportation support.

ii) **21 years of age or older on December 31.** Funding is provided on a prorated basis according to the number of approved courses being taken up to a maximum of four credits beyond the number of credits taken by the end of the school year in which graduation occurs. Pupils in this category are not eligible for Special Needs support or transportation support.

Eligible % is calculated by determining the maximum number of approved courses eligible for funding divided by the grade appropriate full course load established by the reporting school. The resulting percentage is rounded to the **nearest ten percent** (e.g. 0%, 10%, 20%, 30%). **Pupils with diplomas cannot be reported as 100% eligible for funding.**

Example 1:

A pupil under 21 years of age with a high school diploma and no additional credits enrolled in 3 approved courses where 6 approved courses is a full course load.

Maximum credits allowed beyond	4		
Post Diploma Credits already taken	0		
Maximum number of eligible courses		4	(A)
Number of courses enrolled in for the		3	(B)
Maximum eligible courses (lesser of A		3	(C)
Full course load for the school year			6 (D)
Eligible Percentage (C/D)			50%

Example 2:

A pupil 21 years of age or older with a high school diploma and 2 additional credits enrolled in 3 approved courses where 6 approved courses is a full course load.

Maximum credits allowed beyond	4		
Post Diploma Credits already taken	2		
Maximum number of eligible courses		2	(A)
Number of courses enrolled in for the		3	(B)
Maximum eligible courses (lesser of A and		2	(C)
Full course load for the school year			6 (D)
Eligible Percentage (C/D)			30%

c) Certificate of Completion - Receiving Instruction in Approved Courses

- i) **Under 21 years of age on December 31.** Funding, including Level 2 and 3 Special Needs support, is provided on a prorated basis according to the **percentage of time that they attend school** up to a cumulative maximum of 70% beyond the year in which the certificate of completion is awarded. Pupils in this category are not eligible for transportation support.
- ii) **21 years of age or older on December 31.** Funding is provided on a prorated basis according to the **percentage of time that they attend school** up to a cumulative maximum of 70% beyond the year in which the certificate of completion is awarded. Pupils in this category are not eligible for transportation or Level 2 or 3 Special Needs support.
- iii) Eligible % is calculated by determining the maximum percentage of a full school day eligible for funding. To determine the percentage of time attending, the time in school that the pupil is scheduled to attend is divided by 330 minutes

(5.5 hours), rounded to the **nearest ten percent** (e.g. 0%, 10%, 20%, 30%). For example, a pupil scheduled to be in school for 2 hours (120 minutes) per day would have a time attending percentage of 40. (120 minutes divided by 330 minutes rounded to the nearest ten percent). Examples of the calculation of maximum eligible percentage:

Example 1:

Maximum eligible %	70	
Eligible % reported in prior	<u>0</u>	
Maximum eligible %		70 (A)
% of time attending for the		<u>40 (B)</u>
Eligible Percentage		40 %

Example 2:

Maximum eligible % allowed beyond	7	
Eligible % reported in prior years	4	
Maximum eligible % remaining		30 (A)
% of time attending for the current school		<u>40 (B)</u>
Eligible Percentage (lesser of A and B)		<u>30 %</u>

d) Homeschool Pupils

Funding is provided for eligible homeschool pupils attending school to receive individualized programming or instruction in approved Manitoba curriculum courses taught by Manitoba certified teachers. Parent(s) or guardian(s) of a homeschool pupil must furthermore, have met the notification, information and reporting conditions in Section 260.1 of **The Public Schools Act**. Homeschool pupils are not eligible for Transportation. All other eligible funding, including Level 2 and 3 Special Needs support, is provided on a prorated basis (eligible %) according to the:

- i) percentage of time attended for Kindergarten to Grade 8 pupils and Grades 9 to 12 pupils receiving individualized programming is calculated by:
 - divide the daily time in school that the pupil is scheduled to attend by 330 minutes (5.5 hours), rounded to the **nearest ten percent** (e.g. 10%, 20%, 30%).

Example: a pupil scheduled to be in school for 1 hour (60 minutes) per day would have an eligible percentage of 20. (60 minutes divided by 330 minutes rounded to the nearest ten percent.)

A pupil scheduled to be in school for 3 hours (180 minutes) per week would have an eligible percentage of 10. (180 minutes divided by 1650 (330 minutes/day multiplied by 5 days) rounded to the nearest 10 percent.)

ii) percentage of a full course load for Grades 9 to 12 pupils receiving instruction in approved courses is calculated by:

- dividing the number of approved courses being taken by the grade appropriate course load established by the reporting division rounded to the **nearest ten percent** (e.g. 10%, 20%, 30%).

Example: a pupil taking 2 approved courses in a school that has established a full course load of 8 would have an eligible percentage of 30 (2 divided by 8 rounded to the nearest 10 percent).

NOTE: Homeschool pupils cannot be reported with an Eligible % of 0% or 100%.

1.13 Homeroom

The **Homeroom** field is for reporting the room number or other identifier of a pupil's homeroom on the reporting date. The identifier for each homeroom within a school **must be unique and used for all pupils in the same homeroom regardless of their grade levels**. This field is mandatory for pupils reported with Nursery to Grade 8 or SE in the Grade field. Reporting is optional for pupils reported with Grades 9 to 12 or SS in the Grade field.

NOTE: Combine the homeroom number with the applicable grade(s) in the classroom.

Examples: Room 25 Grade 2 = 25-2 for students in same classroom

Room 30 Grade 2 and 3 split class = 30-2-3 students in same classroom

2. TRANSPORTATION

A grant is paid to public school divisions providing transportation to eligible independent school pupils under a shared services agreement between the two parties. Pupils must be transported from a point on an existing regular public school bus route to another point on the same route.

The Transportation field on the Enrolment screen is used for reporting of transported pupils. Pupils are reported with the following transportation code:

700 Transported by public division (Shared Service Agreement)

Eligible pupils transported to an independent school by a public school division under a shared services agreement.

NOTE: Reporting divisions/funded independent schools should coordinate EIS collection data being reported to ensure that valid combinations of enrolment coding, transportation coding and resident division status and correct MET #'s are being reported.

3. SPECIAL NEEDS

The calculation of Level 2 and 3 special needs funding is based on student specific assessment results data provided by the Inclusion Support Branch.

4. NEWCOMER

The **Newcomer** field is used to identify pupils who are newcomers to Canada and to report on their educational background. Newcomers are pupils who:

- are in their first year of being reported in EIS Collection, and
- arrived in Canada from another country on or after December 1st of the previous school year and on or before November 30 of the current school year, and
- whose first or primary language is other than English.

Example 1:

Update the **Newcomer** field for pupils, not previously reported in EIS Collection, whose first or primary language is not English and who arrived in Canada from another country on or after December 1, 2023 and on or before November 30, 2024.

Example 2:

Do not update the **Newcomer** field for a pupil who was previously reported in EIS Collection or whose first or primary language is English.

Pupils who are newcomers are reported in the **Newcomer** field using the following codes:

10 Near or above age-appropriate grade level for MB pupil

For pupils who, on arrival, are assessed as having previous education that is near or above the grade level normally expected of their age peers.

20 1 to 2 years below age-appropriate grade level for MB pupil

For pupils who, on arrival, are assessed as having previous education that is 1 to 2 years below the grade level normally expected of their age peers.

30 3 or more years below age-appropriate grade level for MB pupil

For pupils who, on arrival, are assessed as having previous education that is 3 or more years below the grade level normally expected of their age peers.

40 No formal schooling (pupil is over age 9 at December 31)

For pupils who, on arrival, are assessed as having no formal schooling and are over 9 years of age as of December 31. Pupils less than 9 years of age with no formal schooling should be reported using code 20 or 30 as appropriate.

50 Not assessed

It is expected that the educational background and language learning needs of newcomer pupils will be assessed as soon as possible in order to plan appropriate programming. However, where a newcomer pupil has not been assessed at the reporting date, the pupil should be reported with code **50 Not Assessed**.

5. CERTIFICATION AND SUBMISSION OF ENROLMENT DATA

Enrolment reported electronically using EIS Collection is submitted by email only, to the Education Funding Branch accompanied by PDF copies of the two part EIS CERT form and report from EIS Collection:

- **Part 1 – Certification Form for Reporting of Enrolment Electronically on September 29; and**

Submission of PDF copies of the certification form and accompanying verification report confirms that the enrolment and categorical information reported on the EIS Collection file submitted to the Education Funding Branch is true and correct, and in accordance with the laws and regulations of the Province of Manitoba.

NOTE: The **EIS Enrolment File Verification Report** summarizes the number of pupils, on a head-count basis by school and by grade, for which enrolment data has been reported through the electronic EIS Collection file. This report is used to verify that the electronic file submitted to the Education Funding Branch reconciles to the EIS CERT prior to upload to the departmental EIS database.

The IS 114N is a standardized reporting form provided to assist divisions in meeting the incidental school closure days notification requirement under M.R. 101/95. Submission of the IS 114N to Education Funding Branch will fulfill a school's obligation for the prompt notification of an incidental school closure to the Minister. Schools are required to complete the IS 113D report by indicating which of the pupils on the list are in attendance on or before November 30 and provide the required enrolment information for those pupils. Education Funding Branch will up-date enrolment codes and other data based on information provided on the IS 113D report. Pupils reported with enrolment code 300, who do not meet the criteria for a change to supportable status, are not included in total or eligible enrolment counts for purposes of support calculations.

NOTE: Schools may find it helpful to print the IS 113D report at the same time that the EIS submission to Education Funding Branch is prepared. APPENDIX A

The Activities and Programs – Learning to Age 18 Regulation (Manitoba Regulation 139/2011)

A pupil participating in an activity or program **approved** under the **Activities and Programs – Learning to Age 18 Regulation** (M.R. 139/2011) is considered to be enrolled in, and attending school. As such, the pupil can be reported as an enrolled pupil for funding based on the criteria met within Part I Section 1.2 Definition of an Enrolled Pupil.

Pupils enrolled and participating in an activity or program on September 29 that has been approved by the Deputy Minister under section 5 of the regulation meet the criteria of Part 1 Section 1.2 a). An attendance report signed on September 29, by the teacher who is monitoring and maintaining regular contact with the pupil as per clause 6(2)(d) of the regulation is required to be on file in the school.

Pupils enrolled and participating in an activity or program, that has been approved by the Deputy Minister under section 5 of the regulation, may be claimed for funding under any other combination of enrolment/attendance date criteria as per Part 1 Section 1.2 b) and c). Documentation signed by the teacher under clause 6(2)(d) of the **Activities and Programs – Learning to Age 18 Regulation** or the principal of the school in which the pupil is enrolled in that verifies compliance with the provisions of Part I Section 1.2 b) and c) is required to be on file in the school.

Regardless of the criteria being met, the attendance documentation must verify that the pupil is engaged in the **approved** activity or program on the reporting date. Updates for EIS Collection 2023

On behalf of Manitoba Education and Early Childhood Learning, I am providing you with information on changes to EIS collection for 2023. Changes to codes, validation and reports have been summarized in the attachment.

For the 2023/24 school year, the EIS Collection application, including all updates and changes, will be distributed through the Manitoba Education web site: www.edu.gov.mb.ca/k12/eis. This will be available in the latter part of August.

The reporting date for enrolment and categorical data is **September 29, 2023**. The data is due **October 15, 2023**. Enrolment and other related data from all school divisions/funded independent schools must be uploaded to the department's EIS database before provincial funding levels for the current and next budget years can be determined. Therefore, it is crucial that school divisions/funded independent schools maintain efforts to meet the 2023 timeline.

On behalf of all the branches that collect data through the EIS Collection, I want to thank school and division staff for their cooperation. Questions regarding the changes to EIS Collection in the attachment can be directed to AppSupportEISCOLL@gov.mb.ca

Sincerely,

Faisal Shibley
Director
Business Support Services Branch
