Senior Years Technology Education Program Credits: 8 to 10	
<ul style="list-style-type: none"> • A minimum of 8 to a maximum of 10 approved credits are required from within an approved Senior Years Technology Education Program cluster. • To graduate with an approved Senior Years Apprenticeship Option, students must fulfil the minimum 30 credit graduation requirements. Students must complete the 18 compulsory requirements and 8 approved Senior Years Apprenticeship Option credits, along with the optional credits (0 to 2). 	
*Anglais for students in a Français Program; English language arts – Immersion for students in a French Immersion Program	
<ul style="list-style-type: none"> • Students must ensure that they meet the entrance requirements of the post-secondary education, training, or work situations they intend to pursue. • Within the approved Senior Years Technology Education Program cluster, students must complete a minimum of 1 Grade 11 credit and 1 Grade 12 credit. • Note: School-Initiated Courses (SICs) and Student-Initiated Projects (SIPs) may be used to fulfil the graduation requirements within the optional credits to a maximum of 11 and 3 respectively. Depending on the different requirements of the four school programs, the number of possible SICs used as optional credit may vary. 	

Note: Manitoba Education, Citizenship and Youth (MECY) recently mandated two new Physical Education/Health Education (PE/HE) courses at grades 11 and 12 as a result of recommendations flowing from the *Healthy Kids, Healthy Futures* Task Force Report. This change will bring Manitoba Senior Years graduation requirements to 29 credits for those students graduating in 2008-2009 and to 30 credits for those students graduating in 2009-2010 and beyond.
