Certificates of completion are required as part of the documentation for the certificate application. Twenty (20) contact hours of approved professional development in school counselling related topics is equivalent to one (1) hour towards electives.

Professional Development Achievement Certificate(s):

All Professional Development activities must be arranged by a school division/district, Manitoba Education and Early Childhood Learning, or other government department, university, professional association, agency, or hospital.

Once professional development activities are registered at our office by a formal application from the above sources, a reference number is generated to identify the approved session. **Only those sessions with a reference number are accepted.**
