World Map: Continents, Landforms, Bodies of Water

1. Continents and Oceans

Label the seven continents and the four oceans on your map. Also draw and label the Equator and Prime Meridian.
2. Title, Direction, Legend

Include a map title, compass rose, and legend. (You do not need to include scale and lines of latitude and longitude.)

## 3. Identify the Places Listed

Use the index of your atlas to locate the following landforms and bodies of water. Be sure to draw them in carefully and label them on your map of the world. You may also add other natural elements.
