

Major Cities of Europe and the Americas

7.4.1

9

The cities listed below have a population greater than 4 million.

- First, try to identify the country for each city without using an atlas.
- Then use an atlas to see if the country you chose is correct.
- Find the latitude and longitude of the city.
- Locate each city on a map of the world, using the mapping coordinates.

City	Country	✓	Latitude and Longitude
