Grade-Level Resources
(Resources organized by cluster follow this section.)

**Beginner’s Classroom Atlas of Canada and the World**

ISBN # 0-88640-921-7

This is a well-organized, user-friendly resource that meets specific learning outcomes from Grades 1–3 of the Manitoba social studies curriculum.

This is a comprehensive resource with age-appropriate, clearly labelled maps that make effective use of colour. It also includes mapping skills, geographical terms, symbols, legends, compass rose, bar scale, longitude and latitude, cultural links, regional links, timelines for development of countries, and a complete glossary with page references.

**In the Global Classroom 1**

ISBN # 0-88751-081-7

This is a Kindergarten to Grade 8 teacher professional resource. This resource emphasizes a teaching and learning strategy that combines child-centred and world-minded educational thinking. It builds frameworks for cross-curricular delivery and offers a wealth of practical and engaging activities for students.

Themes within the text include: interconnections (perceptions, local and global communities); environment and sustainability (natural, built, social, and inner); health (physical, mental, emotional, spiritual, social, societal, and environmental); perception (perceptions and cross-cultural encounters); technology (benefits, tools, problem solving, technological change, social values, and consequences in the future); and futures (alternative, probable, and preferred).

The resource includes citizenship, diverse-perspectives, global, identity, and economic learning outcome experiences. Comment: Charts are included at the beginning of each chapter to indicate activities within the chapter and the index, but they do not include the grade level for which the activities are suggested. If the resource were better organized, it would be easier to find grade-appropriate ideas. Because this is a softcover book, it is not very durable.

Hands-on Social Studies Grade Three

This made-in-Manitoba resource is based on the specific learning outcomes in the Manitoba Grade 3 social studies curriculum, and supports teaching in all four clusters (Connecting with Canadians, Exploring the World, Communities of the World, Exploring an Ancient Society).

It provides a variety of student activities, background information for teachers, theme vocabulary, learning extensions, Canadian Literature Links, and blackline masters.

This is a well-organized resource that includes creative, interactive, and meaningful student learning activities that connect to social studies, English language arts, art, and science. Assessment strategies are provided and include teacher, student, and group forms.

The resource contains both Canadian and World content. When learning about languages, cultures, and celebrations, specific references are made to Canadian and World communities. When sensitive issues are addressed in learning experiences, teacher notes provide suggestions for approaching the experience with sensitivity to individual, family, and cultural differences. The resource focuses on respecting cultural differences, and reinforces pride in one’s own culture.

The resource is coil-bound. It includes a detailed table of contents, and a consistent format for learning experiences including background information for teachers, materials needed, activities, extensions, and activity centres.
