Use the following web to organize your information about a region (or part) of the land on which First Peoples lived.
Imagine you are living in pre-contact times. In which region would you prefer to live?

Describe how to locate this region in today's terms.

Name the animals that live here.

Describe the climate and the seasons.

Describe this land using traditional terms.

What types of vegetation grow here?

Describe the landforms (mountains, plains, etc.) of this region.

Name some important bodies of water in or around this region.

How could people live on the land in this region?
