Articulate their perspectives on issues.

Observe patterns and make generalizations based on evidence.

Listen to others to understand their perspectives.

Evaluate information from a variety of sources to determine if it is accurate, reliable, valid, authentic, and diverse.

Consider the context of events, accounts, ideas, and behaviours.

Analyze prejudice, racism, stereotyping, and other forms of discrimination.

Promote actions that reflect principles of environmental stewardship and sustainability.

Consider implications of personal choices.

Collaborate with others to achieve group goals and responsibilities.

Make decisions that reflect fairness and equality in their interactions with others.

Propose options that are inclusive of diverse perspectives.

Make decisions that reflect social responsibility.

Students will:

S2.1.1 What is Geography?
- Define the term geography.
- Give examples of ways in which geographic knowledge and understanding can inform decision-making.

S2.1.2 Physical and Human Geography
- Define the relationship between physical and human geography.
- Create major physical features on a map of North America.
- Create conceptual models of urban areas on a map of Canada.

S2.1.3 Place and Identity
- Describe ways in which places, places, and place perspectives may influence perceptions.
- Explain: relative size and position, process, cause, context.

S2.1.4 Global Environmental Types
- Explain the concept of global environmental types as applied to the physical geography of the world.
- Identify: major biomes.

S2.1.5 Why Care?
- Discuss the benefits of living in a complex environment to which humans have important responsibilities.
- Explain the importance of sustainability in the preservation of the Earth's complex environment.

S2.2.1 Location
- Identify major natural resources on a map of the world and a map of Canada.
- Locate: water bodies, forest, farmland, mining, urban areas.

S2.2.2 Diverse Perspectives
- Identify Aboriginal perspectives and rights regarding natural resources and their use.
- Identify ways rivers change land distant from the source.
- Define: ecosystem, biodiversity, sustainable development.

S2.2.3 Sustainable Development
- Identify factors that influence change in the location of natural resources.
- Evaluate the impact of various agricultural practices on the physical environment.

S2.2.4 Geographic Issues
- Explain the impact of various agricultural practices on the physical environment.
- Evaluate: water quality, soil quality.

S2.3.1 Areas and Conditions
- Identify the major food production areas on a map of the world and a map of Canada.
- Explain: climate, climate, vegetation, farmlands, livestock.

S2.3.2 Food Production
- Identify factors that influence change in the location of livestock.
- Identify the impact of urbanization on the location of livestock.

S2.3.3 Safeguarding Our Food Supply
- Identify: factors related to food security.
- Describe the impact of changes in climate change on food production.

Cluster 4: Industry and Trade

S2.4.1 Definition and Location
- Define the term industry and give examples of primary, secondary, tertiary, and quaternary industries.
- Identify factors that determine the location of industries.
- Explain: energy, raw materials, transportation, labor, capital, markets, government policies.

S2.4.2 Topics in Industry and Trade
- Identify: major issues related to industry and trade.
- Include: sustainable development, balance of trade.

S2.4.3 Natural Resources
- Identify factors that influence the location of major natural resource extraction.
- Explain: resource extraction, energy extraction, mining.

S2.4.4 Sustainable Development
- Explain: resource extraction, energy extraction, mining.
- Explain: resource extraction, energy extraction, mining.

S2.4.5 Globalization
- Define: the concept of globalization and identify related issues.
- Explain the impact of globalization on the local economy.

Cluster 5: Urban Places

S2.5.1 Rural, Urban, and Remote Places
- Identify rural and remote places on a map of the world and on a map of North America.
- Identify: factors that influence the location of rural and urban areas.
- Identify: factors that influence the location of rural and urban areas.

S2.5.2 Location and Function of Urban Places
- Explain: the location and function of urban places.
- Include: administrative, service, tourism, transportation.

S2.5.3 Environmental and Economic Issues
- Identify the stages involved in food production and distribution.
- Describe: the social and economic implications for various types of food.

S2.5.4 The Impact of Urbanization
- Identify: factors that influence the location of urban places.
- Explain the impact of urbanization on the location of urban places.

S2.5.5 Urban Areas
- Identify: factors that influence the location of urban places.
- Explain the impact of urbanization on the location of urban places.

S2.5.6 Urban Areas
- Explain: the impact of urbanization on the location of urban places.
- Explain: the impact of urbanization on the location of urban places.

S2.5.7 Urban Areas
- Explain: the impact of urbanization on the location of urban places.
- Explain: the impact of urbanization on the location of urban places.

S2.5.8 Urban Areas
- Explain: the impact of urbanization on the location of urban places.
- Explain: the impact of urbanization on the location of urban places.

S2.5.9 Urban Areas
- Explain: the impact of urbanization on the location of urban places.
- Explain: the impact of urbanization on the location of urban places.

S2.5.10 Urban Areas
- Explain: the impact of urbanization on the location of urban places.
- Explain: the impact of urbanization on the location of urban places.

S2.5.11 Urban Areas
- Explain: the impact of urbanization on the location of urban places.
- Explain: the impact of urbanization on the location of urban places.

S2.5.12 Urban Areas
- Explain: the impact of urbanization on the location of urban places.
- Explain: the impact of urbanization on the location of urban places.

S2.5.13 Urban Areas
- Explain: the impact of urbanization on the location of urban places.
- Explain: the impact of urbanization on the location of urban places.

S2.5.14 Urban Areas
- Explain: the impact of urbanization on the location of urban places.
- Explain: the impact of urbanization on the location of urban places.

S2.5.15 Urban Areas
- Explain: the impact of urbanization on the location of urban places.
- Explain: the impact of urbanization on the location of urban places.

S2.5.16 Urban Areas
- Explain: the impact of urbanization on the location of urban places.
- Explain: the impact of urbanization on the location of urban places.

S2.5.17 Urban Areas
- Explain: the impact of urbanization on the location of urban places.
- Explain: the impact of urbanization on the location of urban places.

S2.5.18 Urban Areas
- Explain: the impact of urbanization on the location of urban places.
- Explain: the impact of urbanization on the location of urban places.

S2.5.19 Urban Areas
- Explain: the impact of urbanization on the location of urban places.
- Explain: the impact of urbanization on the location of urban places.

S2.5.20 Urban Areas
- Explain: the impact of urbanization on the location of urban places.
- Explain: the impact of urbanization on the location of urban places.

S2.5.21 Urban Areas
- Explain: the impact of urbanization on the location of urban places.
- Explain: the impact of urbanization on the location of urban places.

S2.5.22 Urban Areas
- Explain: the impact of urbanization on the location of urban places.
- Explain: the impact of urbanization on the location of urban places.

S2.5.23 Urban Areas
- Explain: the impact of urbanization on the location of urban places.
- Explain: the impact of urbanization on the location of urban places.

S2.5.24 Urban Areas
- Explain: the impact of urbanization on the location of urban places.
- Explain: the impact of urbanization on the location of urban places.

S2.5.25 Urban Areas
- Explain: the impact of urbanization on the location of urban places.
- Explain: the impact of urbanization on the location of urban places.

S2.5.26 Urban Areas
- Explain: the impact of urbanization on the location of urban places.
- Explain: the impact of urbanization on the location of urban places.
