To: Superintendents of School Divisions
Directors of First Nations Education Authorities
Manitoba School for the Deaf
Principals of Funded Independent Schools
Student Services Administrators

Dear Colleagues:

In recognition of the valuable contributions of agriculture to Manitoba's history, culture, communities, and economy, we are honoured to proclaim March 2026 Canadian Agriculture Literacy Month in Manitoba.

The proclamation of Canadian Agriculture Literacy Month is intended to raise awareness of the programming offered during the month of March by Agriculture in the Classroom - Manitoba (AITC-M). Through hands-on activities and interactive experiences, AITC-M helps students learn, make connections and become agriculturally literate and engaged citizens who are ready to meet the challenges and opportunities of the future.

It is our hope that Canadian Agriculture Literacy Month inspires educators, students, parents/caregivers, and community members to celebrate and learn more about the significance of agriculture in Manitoba.

Please share this proclamation as an invitation to participate in the activities offered throughout Canadian Agriculture Literacy Month.

Sincerely,
