

Mustelids!

Chorus:

Mustelids – our walk is kinda slinky
Mustelids – our musk is kinda stinky
Mustelids – We live for the kill
Our metabolism's high, we've got to eat our fill!

Well, back in the day, this park was open to trappin'
With practices like that, something was bound to happen!
The martens & the fishers, they were all extirpated,
But from the Duck Mountains, we got a few relocated!

Chorus

I'm a little guy who's more clever than you think
Not talkin' 'bout the coat, but my name is mink.
I sneak into their lodges; I'm a bit of a deceiver –
I'm a little weasel who really loves to eat... rodents.

Chorus

I'm a wolverine, and here is my story:
Stay off my 1500 sq. km territory!
Although Professor Xavier might want me on his team,
As soon as humans come around, I'm gonna split the scene!

Chorus

I'm a mustelid that doesn't live with much fear,
The stripes on my back make it perfectly clear!
Your prob'ly guessed it by now, my name is the skunk –
I am a weasel that can really bring the... FUNK!
