

Required Extensions for RMNP GIS lessons

These tables are designed to help you establish which lessons are available to you, based on the extensions required. The dot (●) means that particular extension is required to complete the lesson.

If you use **ArcView 3.x**, then use this table:

3.X	Spatial Analyst*	3D Analyst†	ECW v2.0 and ER Mapper Images‡
Focus on Fire			●
Tracing Trails			●
Intruder Alert			
Weasel Waypoints	●		
Roadkill Retrospect	●		
Prairie Mountain		●	

*The **Spatial Analyst Extension** for **ArcView 3.x** is available from Manitoba Education, <http://www.edu.gov.mb.ca/k12/cur/gis/index.html>

If you use **ArcGIS 9.x**, then use this table:

9.X	Spatial analyst**	3D Analyst†	ECW v2.0 and ER Mapper Images‡
Focus on Fire			●
Tracing Trails			●
Intruder Alert			
Weasel Waypoints			
Roadkill Retrospect	●		
Prairie Mountain		●	●

** The **Spatial Analyst Extension** for **ArcGIS 9.x** can be purchased at ESRI Canada.

† The 3-D Analyst Extension can be purchased at ESRI Canada, http://www.esricanada.com/EN_products/2315.asp

‡ The **ECW Extension** is available at: <http://www.erdas.com/tabid/84/currentid/2508/default.aspx>

EXAMPLES:

1. Ms. Smith (the teacher) uses ArcView 3.x, with the Spatial Analyst extension. She does NOT have the 3D Analyst, or the ECW v2.0 and ER Mapper Images. The lessons available to her are:
 - Intruder Alert 3.x
 - Weasel Waypoints 3.x
 - Roadkill Retrospect 3.x
2. Mr. Ahmed uses ArcGIS 9.x. He does not have access to the Spatial Analyst Extension, but has the ECW v2.0 and ER Mapper Images, and the 3D Analyst Extension. The lessons available to him are:
 - Focus on Fire 9.x
 - Tracing Trails 9.x
 - Intruder Alert 9.x
 - Weasel Waypoints 9.x
 - Prairie Mountain 9.x
