

# PHYSICAL ACTIVITY SAFETY CHECKLISTS

## DANCE—BALLET

Ballet is a form of classical dance demanding highly developed technique, grace, and precision, telling a story via specific gestures and flowing patterns of movement with costumes and music usually written by classical composers.

Risk Factor Rating

2

### General Learning Outcome

The student will demonstrate safe and responsible behaviours to manage risks and prevent injuries in physical activity participation and for daily living.

### Risk Management Strategies

Safety information and recommendations contained in this safety checklist are believed to reflect best practice to reduce risk. The suggested risk management strategies are considered minimum standards for physical activity in an organized or formal setting. They may not apply to all situations (e.g., home-based, recreational, or modified activities), and more stringent safety standards may be applied by instructors/coaches/program leaders of OUT-of-class physical activities in organized programs.

### Instruction

**Note:** The amount and level of instruction/directions required by the student may vary based on circumstances such as the student's personal experience, skill level, and physical condition. The use of media resources, such as books and instructional videos, may replace direct instruction if deemed appropriate and safe.

Instruction is received from a trained/certified ballet teacher or an experienced dancer capable of organizing a dance program, providing instruction and able to demonstrate steps as is appropriate, depending on various factors such as level of risk, intensity, accessibility, experience, and skill

All sessions are conducted in a safe environment, with students being aware of the potential risks involved in ballet

Safety rules are learned prior to participation

Skills/movements are learned in proper progression

Students demonstrate competency of skill/fitness prior to moving on to more complex skills

Difficulty of move is appropriate for student's development/capabilities

Each session is conducted with a proper warm-up, cool-down, and appropriate fitness work

Drinking water is available and consumed as needed

### Supervision

**Note:** The level of supervision is provided as is appropriate, depending on various factors such as level of risk, intensity, accessibility, experience, and skill.

Recommended level of supervision: **on-site supervision**

Safety rules and procedures are enforced

Emergency action plan is in place to deal with accidents/injuries

# PHYSICAL ACTIVITY SAFETY CHECKLISTS

## DANCE—BALLET

### Facility

- Activity area is free of hazards/debris
- Dance area is clearly marked with adequate out-of-bounds areas
- Proper lighting and ventilation, when applicable, are provided
- Safety rules/regulations are posted
- Instructions for use of facility are posted
- Emergency exit of indoor facility is clearly marked

### Equipment

- Equipment to be used is suitable and in good condition
- Equipment is checked by a qualified person before every session
- Instructions are given regarding the proper maintenance of ballet equipment
- First aid kit and phone are available

### Clothing/Footwear

- Appropriate footwear is worn
- Jewelry is removed or secured when safety is a concern
- Appropriate clothing permitting unrestricted movement is worn
- Clothing must meet requirements of club or dance studio

### Other Considerations

- The student has completed a regular medical checkup and a medical history prior to starting the program
- The student has submitted the signed Parent Declaration and Consent & Student Declaration Form (student under 18) or Student Declaration Form (student 18 and over) prior to beginning the program
- Registration in an accident insurance plan is encouraged
- Students who suffer an injury are referred to appropriate medical personnel for treatment and rehabilitation, and should not return to training until cleared by a qualified medical professional
- The activity is suitable to the student's age, ability, mental condition, and physical condition
- The student demonstrates self-control at all times and avoids any behaviour deemed inappropriate
- The student's choice of this activity as part of the OUT-of-class component of the physical education/health education course has been presented to the parent/guardian (student under 18 years of age) and to the teacher
