## Physical Activity Safety Checklists

### Gymnastics (General, Tumbling, and Artistic)

Gymnastics is a sport that involves the performance of sequences of physical movements, requiring physical strength, flexibility, and kinesthetic awareness; the different events involved are general gymnastics, women’s artistic gymnastics, men’s artistic gymnastics, rhythmic gymnastics, and aerobic gymnastics.

### Risk Factor Rating

| Risk Factor Rating | 4 |

### General Learning Outcome

The student will demonstrate safe and responsible behaviours to manage risks and prevent injuries in physical activity participation and for daily living.

### Risk Management Strategies

Safety information and recommendations contained in this safety checklist are believed to reflect best practice to reduce risk. The suggested risk management strategies are considered minimum standards for physical activity in an organized or formal setting. They may not apply to all situations (e.g., home-based, recreational, or modified activities), and more stringent safety standards may be applied by instructors/coaches/program leaders of OUT-of-class physical activities in organized programs.

### Instruction

**Note:** The amount and level of instruction/directions required by the student may vary based on circumstances such as the student's personal experience, skill level, and physical condition. The use of media resources, such as books and instructional videos, may replace direct instruction if deemed appropriate and safe.

- [ ] Instruction is received from a trained/certified National Coaching Certification Program/Gymnastics Canada coach, or an experienced coach capable of demonstrating competencies of a certified coach as is appropriate, depending on various factors such as level of risk, intensity, accessibility, experience, and skill
- [ ] All sessions are conducted in a safe environment, with students aware of potential risks involved in gymnastics
- [ ] Safety rules are learned prior to participation
- [ ] Skills/movements are learned in proper progression
- [ ] Difficulty of skill is appropriate for student’s development/capabilities
- [ ] Each session is conducted with a proper warm-up, cool-down, and appropriate fitness work
- [ ] Drinking water is available and consumed as needed
