

PHYSICAL ACTIVITY SAFETY CHECKLISTS

TABLE TENNIS

Table tennis, also known as ping pong, is a sport in which two or four players hit a lightweight ball back and forth to each other with bats (also sometimes called racquets or paddles). The game takes place on a table divided by a net.

Risk Factor Rating

2

General Learning Outcome

The student will demonstrate safe and responsible behaviours to manage risks and prevent injuries in physical activity participation and for daily living.

Risk Management Strategies

Safety information and recommendations contained in this safety checklist are believed to reflect best practice to reduce risk. The suggested risk management strategies are considered minimum standards for physical activity in an organized or formal setting. They may not apply to all situations (e.g., home-based, recreational, or modified activities), and more stringent safety standards may be applied by instructors/coaches/program leaders of OUT-of-class physical activities in organized programs.

Instruction

Note: The amount and level of instruction/directions required by the student may vary based on circumstances such as the student's personal experience, skill level, and physical condition. The use of media resources, such as books and instructional videos, may replace direct instruction if deemed appropriate and safe.

Instruction is received from a certified National Coaching Certification Program/Table Tennis Canada coach, or an experienced coach capable of demonstrating competencies of a certified coach as is appropriate, depending on various factors such as level of risk, intensity, accessibility, experience, and skill

All sessions are conducted in a safe environment, with students being aware of the potential risks involved in table tennis

Safety rules and procedures are learned prior to participation

Skills/movements are learned in proper progression

Drinking water is available and consumed as needed

Supervision

Note: The level of supervision is provided as is appropriate, depending on various factors such as level of risk, intensity, accessibility, experience, and skill.

Recommended level of supervision: **in-the-area supervision**

On-site supervision is required for setting up and putting away tables

Safety rules and procedures are enforced

Emergency action plan is in place to deal with accidents/injuries

PHYSICAL ACTIVITY SAFETY CHECKLISTS

TABLE TENNIS

Facility

- Activity area is free of hazards/debris
- Activity area is clearly marked with adequate out-of-bounds areas
- Proper lighting and ventilation, when applicable, are provided
- Safety rules/regulations are posted
- Instructions for use of facility are posted
- Emergency exit of indoor facility is clearly marked

Equipment

- Equipment to be used is suitable and in good condition
- Tables and paddles are checked prior to use; damaged equipment is repaired or replaced
- Routine is established for setting up, dismantling, and storing equipment and tables
- First aid kit and phone are available

Clothing/Footwear

- Appropriate and properly fitted footwear is worn
- Laces are tied and open-toed shoes are avoided
- Jewelry is removed or secured when safety is a concern
- Appropriate clothing is worn, permitting unrestricted movement

Other Considerations

- The student has completed a regular medical checkup and a medical history prior to starting the program
- The student has submitted the signed Parent Declaration and Consent & Student Declaration Form (student under 18) or Student Declaration Form (student 18 and over) prior to beginning the program
- Registration in an accident insurance plan is encouraged
- Students who suffer an injury are referred to appropriate medical personnel for treatment and rehabilitation, and should not return to training until cleared by a qualified medical professional
- The activity is suitable to the student's age, ability, mental condition, and physical condition
- The student demonstrates self-control at all times and avoids any behaviour deemed inappropriate
- The student's choice of this activity as part of the OUT-of-class component of the physical education/health education course has been presented to the parent/guardian (student under 18 years of age) and to the teacher
