

PHYSICAL ACTIVITY SAFETY CHECKLISTS

WATER POLO

Water polo is a team water sport combining swimming and handball. It involves two teams of seven (six field players and one goalkeeper) who try to score by throwing an inflated rubber ball into the opponent's net.

Risk Factor Rating

4

General Learning Outcome

The student will demonstrate safe and responsible behaviours to manage risks and prevent injuries in physical activity participation and for daily living.

Risk Management Strategies

Safety information and recommendations contained in this safety checklist are believed to reflect best practice to reduce risk. The suggested risk management strategies are considered minimum standards for physical activity in an organized or formal setting. They may not apply to all situations (e.g., home-based, recreational, or modified activities), and more stringent safety standards may be applied by instructors/coaches/program leaders of OUT-of-class physical activities in organized programs.

Instruction

Note: The amount and level of instruction/directions required by the student may vary based on circumstances such as the student's personal experience, skill level, and physical condition. The use of media resources, such as books and instructional videos, may replace direct instruction if deemed appropriate and safe.

Instruction is received from a trained/certified National Coaching Certification Program/Water Polo Canada coach, or an experienced coach capable of demonstrating competencies of a certified coach as is appropriate, depending on various factors such as level of risk, intensity, accessibility, experience, and skill

All sessions are conducted in a safe environment, with students being aware of the potential risks involved in water polo

Safety rules regarding the game of water polo and emergency procedures, as well as proper conduct on the deck, are learned prior to participation

Students are assessed for swimming ability of prior to start of program

Skills/movements are learned in proper progression

Each session is conducted with a proper warm-up, cool-down, and appropriate fitness work

Drinking water is available and consumed as needed

Supervision

Note: The level of supervision is provided as is appropriate, depending on various factors such as level of risk, intensity, accessibility, experience, and skill.

Recommended level of supervision: **on-site supervision**

Supervisor with lifeguard qualifications is present

Safety rules and procedures are enforced

Emergency action plan is in place to deal with accidents/injuries

PHYSICAL ACTIVITY SAFETY CHECKLISTS

WATER POLO

Facility/Environment

- Local weather conditions, forecast, and windchill are checked prior to outdoor session
- Activity area is free of hazards/debris
- Deck of pool is free of obstacles
- Proper lighting and ventilation, when applicable, are provided
- Safety rules/regulations are posted
- Instructions for use of facility are posted
