

Date \_\_\_\_\_

Dear Parents,

Your child will be making an oral presentation to the class, describing a group to which he or she belongs (e.g., community group, cultural group, team...).

Please help your child organize his or her ideas about involvement in a group by focusing on the following questions.

- What is the name of the group?
- What do you do together in the group?
- What is your responsibility in the group?
- Why do you belong to this group?
- How does this group help you feel connected to others?

Please send pictures or objects to assist in the presentation.

Yours truly,
