

## Stories and Celebrations—Interview

K.2.4  
a

Dear Parents:

Our class is learning about celebrations and your child has been asked to interview a family member to learn about one of your annual family celebrations (e.g., birthday, wedding anniversary, cultural holiday...).

Please help your child prepare a short presentation to present to the class (approximately one minute). Talk with her or him about the importance of the family celebration and the traditions that are part of the celebration. Your child may also share items or pictures related to the celebration during the class presentation.

Name and date of family celebration \_\_\_\_\_

Why is the celebration important to our family? \_\_\_\_\_
