

TMO

TEACHER MEDIATED OPTION

HIGH SCHOOL COURSES DELIVERED VIA AUDIO TELECONFERENCE

The TMO program offers distance learning courses to any high school student in Manitoba. Students dial into an audio teleconferencing system and join the teacher on air for a 50 minute class. All classes are recorded. The school year is divided into semesters and classes occur four times over a six day cycle. Teachers can be reached by phone or email for additional help outside of class time and teachers visit the schools periodically to support students. Pine Creek School Division has taken the lead on this program since 2014.

Who:

Grades 9-12 students
in Manitoba

When:

September - June
2020-2021
