## Web Based Courses – Available for Preview

All department-developed Web Based Courses (WBC) are available for preview. The preview will allow you to explore portions of available WBCs in the Blackboard Learn environment from a student's perspective.

Follow the instructions below to navigate to the preview course offerings.

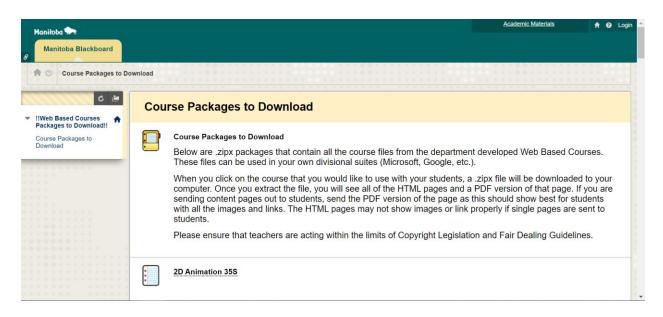

- 1. Click the link below or copy it and paste it into your browser. https://bblearn.merlin.mb.ca/webapps/portal/frameset.jsp
- 2. Select "Preview as Guest".

	My Announcements	Chemistry (30S) Preview Chemistry 40S Preview

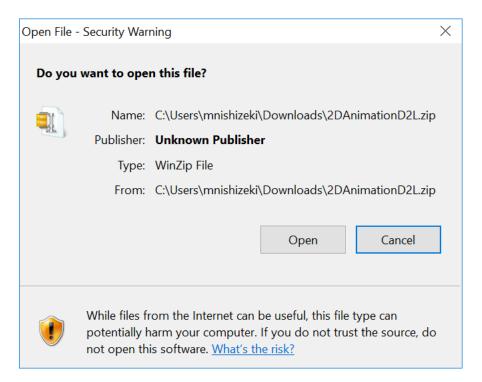

4. You can scroll the list of all WBC Courses available for you to download and use with your students.

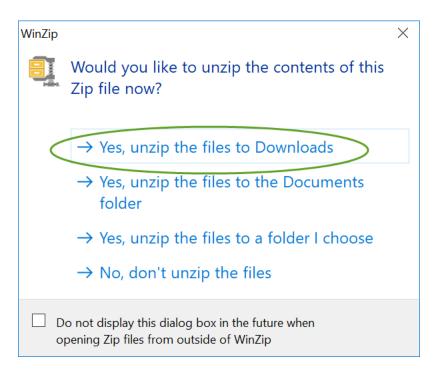

- 5. Select any course that you would like to use with your students. The course will automatically download as a .zipx file to your computer.
- 6. Select the downloaded file and click open, or go to the Downloads folder on your computer to find the file.

7. When you open the file, a Security Warning may pop up. Click Open.

8. Select Yes, unzip the files to Downloads.

9. Once unzipped, the course folder will appear in your Downloads. Open the course folder to view the course files, including all of the HTML pages and a PDF version of that page.

## Sharing and using WBC course files

Downloaded files can be used in your own school or divisional suites (Microsoft, Google, etc.).

If you are sending content pages out to students, send the PDF version of the page as this should show best for students with all the images and links. The HTML pages may not show images or link properly if single pages are sent to students.

Please ensure that teachers are acting within the limits of Copyright Legislation and Fair Dealing Guidelines.

The downloadable resources on Blackboard learn do not include teacher resource files (rubrics, answer keys, lesson notes, etc.). Copies of the course files with the teacher resource files will be available for download on Maple.
