INTRODUCTION

PURPOSE

The purpose of the *Subject Table Handbook* is to support schools in the 2014-2015 school year by:

- providing basic information to assist schools in completing the Professional School Personnel system (PSP) forms
- providing basic information to schools for entering student records into the Student Records system (SRS)
- providing subject computer codes for courses developed by Education and Advanced Learning and for those approved or registered by the Department

A new edition of the *Subject Table Handbook* is provided at the beginning of each school year. It reflects changes to course codes, credits, etc. that apply for the upcoming school year. Schools are responsible for ensuring that they are using the appropriate edition of the Handbook when recording student marks for Professional Certification and Student Records Unit in Russell, Manitoba. **Note that schools must use the September 2013-June 2014 Subject Table Handbook for reporting 2013-2014 student marks in the summer and fall of 2014.**

This edition of the *Subject Table Handbook* - in effect from September 2014 to August 2015 - will be available online at <http://www.edu.gov.mb.ca/k12/policy/sth.html>. Placing the content of the Handbook online provides information about course codes, levels, and credits to accommodate schools in setting up their registrations and course offerings for the next school year. Some changes may occur over the 2014-15 school year as new curricula are released. The online content will be updated several times during the year, but schools should exercise some caution when setting up their course codes in the spring. The *Subject Table Handbook for Technology Education* is a separate handbook and should be used by Senior Years schools with Technology Education Programs only. The Technology Handbook site is <http://www.edu.gov.mb.ca/k12/docs/policy/sthte/index.html>.

SENIOR YEARS CREDIT SYSTEM

The Senior Years (Grades 9 – 12) credit system provides flexibility to enable students to pursue Senior Years courses best suited to their individual requirements and aspirations. A student may earn *one credit* by undertaking and successfully completing a course of study designed for a minimum of 110 hours of instruction. *Half credits* (courses designed for a minimum of 55 hours of instruction) may be earned in like manner. There are two categories of credits: Compulsory and Optional.

GRADUATION REQUIREMENTS – ENGLISH PROGRAM

All students who meet the credit and program requirements set by Education and Advanced Learning must be issued a provincial high school diploma. A school may also award a local high school diploma to a student who meets the requirements for a provincial high school diploma as well as any additional local program and credit requirements that the school board or funded independent school may set. Local high school diplomas are issued in addition to, not in place of, a provincial high school diploma.

To obtain Grade 12 standing and receive a provincial high school diploma, a student entering Grade 9 in the 2006-07 school year or in a subsequent school year must complete a minimum of 30 credits and meet the graduation requirements in one of the four recognized programs. Graduation from the English Program requires seventeen credits from compulsory courses in language arts (4), mathematics (4), social studies (3), science (2) and physical education/health education (4) and thirteen credits obtained from optional courses.

At least one optional credit must be at the Grade 11 level and at least two optional credits must be at the Grade 12 level. Optional courses may include languages, science, social studies, arts, information and communication technology, career development, business and marketing, industrial arts/technology education, technical vocational education, School-Initiated Courses (SICs), Student-Initiated Projects (SIPs), Advanced Placement (AP), International Baccalaureate (IB), and Dual Credits.

SENIOR YEARS COURSE IDENTIFICATION

Course Numbering

The present course numbering system comprises a 3-character, alpha-numeric code. The first and second characters are numerals, while the third is a letter.

- **First Character**
 - 1 - for courses developed for Grade 9
 - 2 - for courses developed for Grade 10
 - 3 - for courses developed for Grade 11
 - 4 - for courses developed for Grade 12
- **Second Character**
 - 0 - developed by Education and Advanced Learning for 1 credit
 - 5 - developed by Education and Advanced Learning for ½ credit
 - 1 - developed by schools or school divisions and registered by Education and Advanced Learning
 - 2 - externally developed by an educational authority and, in the case of dual credit, a post-secondary institution (e.g., university, out-of-country).
- **Third Character**
 - G - General
 - F - Foundation
 - S - Specialized
 - E - EAL
 - M - Modified
 - I - Individualized
 - C - College-based
 - U - University-based

Course Designations

- Foundation (F):** Educational experiences which are broadly based and appropriate for all students and which may lead to further studies beyond the Senior Years (e.g. apprenticeship, college, and university). When a subject area is compulsory for graduation and there is only one course option, the designation will be F.
- General (G):** General educational experiences or courses with no Department-developed curricula such as School-Initiated Courses (SICs), Student-Initiated Projects (SIPs), Special Language Credits or Non-Manitoba Credits.
- Specialized (S):** Educational experiences in specialized areas leading to further studies beyond the Senior Years (e.g., apprenticeship, college, and university). When a subject area is compulsory and there is more than one option, the designation will be S.
- EAL (E):** Educational experiences designed to focus on English as an Additional Language (EAL) learning goals in the context of the subject, based on the student's assessed level of EAL proficiency, and to assist the student in making the transition into regular Senior years programming in this content area. An EAL Individual Educational Plan (EAL-IEP) is required for each student.
- Modified (M):** Educational experiences intended for students with significant cognitive disabilities and where the provincial subject area curriculum outcomes have been modified to take into account the learning requirements of a student; an Individual Education Plan (IEP) is required for each student.

Individualized (I): Educational experiences intended for students with significant cognitive disabilities and that are developmentally and age appropriate and highly individualized to take into account the learning requirements of the student; an Individual Education Plan (IEP) is required for each student.

NOTE: Students in individualized programming do not use Education and Advanced Learning curricula. The designation indicates student participation in individualized programming. For example, 11I indicates year one of student participation in locally developed programming individualized for the student; 71I indicates year seven of such participation.

College-based (C): Educational experiences at the college level that can be used for dual credits; credit at the Grade 11 and Grade 12 levels and also for the first year of college.

University-based (U): Educational experiences at the first year university level that can be used for dual credits (credit at the Grade 12 level, and, in some cases, Grade 11) for high school graduation purposes and also for first year university.

Course Levels

Grade 9: All subject area curricula, except vocational industrial, will be developed as foundation courses. Some technology education curricula may be developed as specialized courses. The Foundation (F) course designation will replace the General (G) course designation as new curricula come into effect.

Grade 10: As new curricula are introduced, all subject area curricula, except vocational industrial and mathematics, will be developed as Foundation (F) courses. Some curricula for technology education, science, and mathematics may be developed as Specialized (S) courses.

Grade 11: As new curricula are introduced, a variety of subject area curricula will be developed for different purposes, including a range of Foundation (F) and Specialized (S) courses.

Grade 12: As new curricula are introduced, a variety of subject area curricula will be developed for different purposes, including a range of Foundation (F), and Specialized (S) courses. Courses that qualify for a U designation are first year University Courses. Those that qualify for a C designation are first year College courses.

Note:

From Grades 9 – 12, a particular Foundation, General and/or Specialized subject area curriculum can be altered on an individual basis via a student's Individual Education Plan following Departmental requirements. The E or M course designation then applies.

No Departmental regulation will prevent a student from taking a designated course in one senior year and then switching to a different designation in a later year. For example, a student who receives an M designation for Grade 9 Science (10M) could subsequently take Grade 10 Science (20F). Similarly, a student receiving an E designation for Grade 10 Science (20E) could subsequently take Grade 11 Chemistry (30S).

Examples:

Grade 9 English (10F)	Grade 9, curriculum developed by Education and Advanced Learning for 1 credit, Foundation course.
Grade 9 Science (10M)	Grade 9, curriculum developed by Education and Advanced Learning for 1 credit, Foundation course modified in curriculum to accommodate students with significant cognitive disabilities.
Grade 10 Introduction to Applied & Pre-Calculus Mathematics (20S)	Grade 10, curriculum developed by Education and Advanced Learning for 1 credit, Specialized course.
Grade 10 Science (20E)	Grade 10, curriculum developed by Education and Advanced Learning for 1 credit with focus on English as an Additional Language (EAL) learning goals in the context of science, based on the student's assessed level of EAL proficiency and designed to assist the student in making the transition into regular Senior Years programming in science.
Grade 11 Sociology SIC (31G)	Grade 11, a school-initiated course developed locally, for ½ or 1 credit, General course.
Grade 11 Arabic (31G)	Student in a Manitoba school and has completed the Special Language Credit challenge option.
Grade 11 Arabic (32G)	Student in a Manitoba school and has external credentials under the Special Language Credit credentials option.
Grade 12 English-IB SL (42S)	Developed elsewhere, approved by Education and Advanced Learning for 1 credit, Specialized course.
Fifth Class Power Engineering Theory (E26T282) 42C	First year college level course for dual credits, developed by a college and approved by Education and Advanced Learning for one-half credit, College-based course.
Calculus (32.1101/6) 42U	First year university level course for dual credit, developed by a university and approved by Education and Advanced Learning for one credit, University-based course.
Individualized Programming (31I)	The credit designation applies to those students whose cognitive disabilities are so significant that they are unable to benefit from Department-developed or-approved curricula. The 31I signifies that a student has completed three years in an Individualized program.

NOTE: The French 9-year course (code 0403) has the G (General) designation at the Grade 9 and Grade 10 levels. In Grade 11 and Grade 12, the French 9-year course has the S (Specialized) designation.

GRANTING CREDITS FOR CADETS, ROYAL WINNIPEG BALLET, AND PRIVATE MUSIC OPTION - SENIOR YEARS

Course codes related to Cadets, Royal Winnipeg Ballet, and Private Music Option are listed in the Department-approved section. Reporting of student marks may include a percentage for the examination and/or an “S” for “Standing” i.e. a student receiving a Grade 12 (42S) examination percentage mark could also receive an “S” for standing (credit) for Grade 9 (12G), Grade 10 (22G), and Grade 11 (32S).

ADVANCED PLACEMENT AND INTERNATIONAL BACCALAUREATE - SENIOR YEARS

All Advanced Placement (AP) and International Baccalaureate (IB) courses currently offered in Manitoba schools, as communicated to the Department, are recognized by the Department and are listed in the *Subject Table Handbook* for both teacher workload and student records/credit purposes as follows:

- externally developed Department-registered
- for one credit based on curriculum designed for 110 hours of instruction or one-half credit based on curriculum designed for 55 hours of instruction
- for Grade 11 and Grade 12 only
- for reporting purposes, the second digit in the course designation will be a 2 (representing externally developed curricula) and the third digit an S (representing a Specialized course).

Course codes related to IB and AP are listed in the section of this Handbook titled Externally Developed Department-registered.

CHALLENGE FOR CREDIT

The Challenge for Credit Option offers students the opportunity to apply prior knowledge in a particular subject area by demonstrating achievement in the learning outcomes of that course/speciality and receiving credit for it. For information on *The Challenge for Credit Option* refer to http://www.edu.gov.mb.ca/k12/policy/gradreq/choice_attacha.pdf.

COMMUNITY SERVICE STUDENT-INITIATED PROJECT - CSSIP

Students may earn one Community Service credit (in the form of a SIP) within the 30 credits for graduation. These SIPs consisting of volunteer service are not to be registered with the Department. A Community Service SIP course code (8977) is available. Guidelines for this SIP are available at http://www.edu.gov.mb.ca/k12/policy/gradreq/choice_attachb.pdf.

CULTURAL EXPLORATION STUDENT-INITIATED PROJECT - CESIP

Students can gain valuable educational experience by enhancing their knowledge of their own cultural origins or a cultural group that interests them through interaction with community members such as Elders and members of cultural organizations. The skills, knowledge and attitudes obtained from such activities can increase a student’s self-esteem and maturity, strengthen cultural identity and/or provide greater intercultural understanding and an appreciation of cultural diversity. One credit may be available to a student who participates in such activity in the senior years for graduation purposes and does not require departmental registration. Additional information is available at: http://www.edu.gov.mb.ca/k12/policy/sics_sips.html#comservice

DISTANCE LEARNING COURSES:

Senior years students may take compulsory or optional courses in either print or online format including courses delivered from outside the province. Distance learning policy is available at: http://www.edu.gov.mb.ca/k12/docs/policy/online_learning.

In-Province Courses: The course codes for in-province compulsory and optional distance learning courses that are based on Department curricula are the same codes that are used for in-class instruction e.g. 0092 ELA: A Comprehensive Focus 40S

Out-of-Province Courses: The distance learning optional courses delivered by an out-of-province educational authority will be reported using 12G, 22G, 32S, and 42S designations. Some broad categories of codes have been provided. However, should additional course codes be required, schools are asked to communicate with the Department.

POST-SECONDARY CREDITS AND SENIOR YEARS DUAL CREDITS

Senior years students may take college and university courses for Senior Years graduation credits, for example, Introduction to Aboriginal Governance (university course) and Power Engineering 5th Class (college course). The student receives a high school credit as well as a university/college credit. Students can earn a maximum of five (5) dual credits. The decision to participate is a school, or school division decision. Funding of post-secondary and dual credits is also a local matter. Guidelines are available at http://www.edu.gov.mb.ca/k12/policy/gradreq/dc_guide_10.pdf.

SCHOOL-INITIATED COURSES (SICs) AND STUDENT-INITIATED PROJECTS (SIPs)

School-Initiated Courses (SICs) and Student-Initiated Projects (SIPs) information is available at <http://www.edu.gov.mb.ca/k12/docs/support/ldc/> and provides the most current information on registration procedures.

SPECIAL LANGUAGE CREDIT OPTION

This credit option provides for the recognition of Manitoba's linguistic diversity. Students proficient in languages other than English or French are eligible. Only one special language credit may be earned at each of the Senior Years. Student marks can be reported as a percentage mark, however, "S" for "Standing" may be used for granting additional/prior credit(s). For further information refer to the Handbook at <http://www.edu.gov.mb.ca/k12/docs/policy/lancredits/>.

SUBSTITUTION OF CREDITS IN UNUSUAL SITUATIONS

In exceptional circumstances, and in discussion with parents, a school administrator may approve the substitution of an optional course for a compulsory course. Substitution of credit is permitted for any compulsory subject. School divisions/schools can decide whether to allow substitution of credits. A maximum of two substitute credits may be used toward high school graduation. If a course is substituted for another, the school must report the substitution to Student Records and note the substitution on the student's transcript. See http://www.edu.gov.mb.ca/k12/policy/gradreq/substituion_credits.pdf.

Example: A 40 level math course is required for graduation. If a student did not complete a 40 level math course, the school principal may substitute another course as credit toward graduation, such as Biology 40S substituted for Applied Math 40S. The student's mark for Biology 40S would appear on the student's transcript with a note that Biology 40S has been substituted for Applied Math 40S. The student's mark for Biology 40S would also be reported to Student Records and the school principal would submit a *Substitution of Credit* form to Student Records. The form would indicate that the student had completed Biology 40S as a substitution for Applied Math 40S.
