Dear Colleagues:

We are pleased to share with you *A Profile of Student Learning and Performance, 2006-2010*. This report provides information on provincial student performance and attainment. It complements annual public reports on student success that schools and school divisions prepare for their local communities.

*A Profile of Student Learning and Performance in Manitoba, 2006-2010* provides a provincial-level summary of results, pre-Kindergarten to Grade 12, based on provincial student assessments, national and international assessments, and graduation rates reported by schools, as well as results from the Early Development Index (EDI).

*A Profile of Student Learning and Performance in Manitoba, 2006-2010* can be found on the Department's website at <[www.edu.gov.mb.ca/k12/docs/reports/profile/](http://www.edu.gov.mb.ca/k12/docs/reports/profile/)>. We encourage you to read the report, which may be reproduced, and share additional copies with your colleagues and communities. The information presented in this report can help to stimulate and support discussions, particularly those related to school and divisional planning, and contribute to the development of activities that create meaningful learning opportunities for all students.

Yours sincerely,

Aileen Najdich  
Assistant Deputy Minister

Jean-Vianney Auclair
