Educational Programs/Schools

Preschool Programming

Brandon Regional Health Authority – Preschool Aural Rehabilitation Program

BRHA Audiology Department

Unit 5A-800 Rosser Avenue

Brandon MB R7A 6N5

Telephone: 204-571-8366

TTY: 204-571-8367

Fax: (204) 726-8743

www.brandonrha.mb.ca/en/services/Audiology.html

The Preschool Program is offered to children diagnosed with sensorineural (bilateral and unilateral) or permanent conductive hearing losses. It is provided free of charge to families living in the Brandon or Assiniboine Regional Health Authorities catchment areas. The children are enrolled until full-time entry into school.

Programming occurs either in the child's home or daycare setting. Parents are an integral part of the success of the program. Therapy is tailored to the individual child's needs and the family's wishes. Spoken language, American Sign Language, or a combination of both are used to foster a strong language base. Individual assessments and education plans direct the focus of the programming.

Materials and print resources are available to parents and other professionals. The program is delivered by a teacher of the Deaf and supported by two full-time audiologists.

Society for Manitobans with Disabilities (SMD) – Communication Centre for Children (CCC)

825 Sherbrook Street

Winnipeg MB R3A 1M5

Telephone: 204-975-3010

TTY: 204-975-3012

Email: info@smd.mb.ca

SMD's Communication Centre for Children provides comprehensive, individually designed programming for children under six who have sensorineural, permanent conductive, or unilateral hearing loss. The goal is to help children open a world of communication through the development of verbal communication skills, American Sign Language (ASL), or a combination of both.

The programs and services of the Communication Centre for Children are offered throughout Manitoba at no charge to families that meet the eligibility requirements. Children and their families can participate via classroom, community, or home – whichever way works best for them.

Parents/guardians are part of a team that includes teachers of the Deaf and/or hard of hearing, early learning consultants, speech-language pathologists, occupational therapists, physiotherapists, counsellors, ASL specialists, and an audiologist. Together, the team addresses the communication, literacy, learning, and developmental needs to enable children to maximize their educational potential and their ability to participate in their communities.

Preschool/School-Age Programming

Central Speech and Hearing Clinic

An affiliate of Victoria General Hospital

Unit 2-1325 Markham Road

Winnipeg MB R3T 4J6

Telephone: 204-275-7436

Website: www.centralspeech.ca

Central Speech and Hearing Clinic provides support for preschool and school-aged children using hearing aids or cochlear implants in developing listening and spoken language through auditory-verbal therapy. The clinic also provides oral habilitative support for other children not in the auditory-verbal program who receive a cochlear implant. Auditory-verbal therapists support the school team by attending IEP meetings, offering workshops on FM systems and the auditory-verbal approach, providing opportunities for school teams to attend the clinic to observe therapy sessions, and providing therapy via Manitoba telehealth to students in rural areas.

School-Age Programming

A continuum of educational options is available for school-age Manitoba students who are Deaf and/or hard of hearing:

- local school
- Deaf and/or hard of hearing programming within a school division
- Manitoba School for the Deaf

School Divisions

Each Manitoba school division is responsible for providing supports for students who are Deaf and/or hard of hearing from Kindergarten to Grade 12. The following school divisions employ their own teachers of the Deaf and/or hard of hearing and provide itinerant support and specialized programming for students: St. James-Assiniboia School Division, River East Transcona School Division, and Winnipeg School Division. Some school divisions pool or cluster resources and house school-based programming within their divisions. This programming is designed to serve a number of Deaf and/or hard of hearing students through the provision of a variety of specialized supports.

Home school or specialized programming supports may include the services of

- a teacher of the Deaf and/or hard of hearing
- a resource/special education teacher
- an educational assistant
- an ASL-English interpreter
- a computerized notetaker
- a speech-language pathologist
- an audiologist
- other allied professionals as needed

Contact your local school division office for further information regarding services in your area.

Program for Deaf/Hard of Hearing Students (PDHS) – St. James School Division

1900 Portage Avenue

Winnipeg MB R3J 0J1

Telephone: 204-831-1153 (Voice/TTY)

Website: <http://georgewaters.sjsd.net/~cneil/Home%20Page>

The mission of PDHS is to provide students from Grade 6 to Grade 12 who are d/Deaf and hard of hearing access to an equitable education in an inclusive setting – St. James Collegiate and George Waters Middle School.

A school-based teacher of the Deaf and/or hard of hearing coordinates the programming and works directly with classroom teachers, interpreters, computerized notetakers, resource teachers, speech-language pathologists, audiologists, psychologists, social workers, counsellors, parents, administrators, and educational assistants. A team approach is employed, accommodating individual needs. Students have the opportunity to graduate with an advanced academic, academic, business, and/or vocational high school diploma.

School divisions may access specialized supports from the Manitoba Education, Citizenship and Youth Deaf and Hard of Hearing Services Unit. The Provincial Outreach Team provides a variety of services throughout the province (see www.edu.gov.mb.ca/k12/specedu/dhh/index.html). The team provides information so that informed decisions can be made regarding educational placement; provides services as requested to students and involved school division personnel; and connects with students who are Deaf and/or hard of hearing to provide networking, professional learning, and social opportunities.

Manitoba School for the Deaf (MSD)

242 Stradford Street

Winnipeg MB R2Y 2C9

Telephone: 204-945-8934 (Voice/TTY)

Website: www.msd.winnipeg.mb.ca

Kindergarten to Grade 12 students who use American Sign Language (ASL) as their primary mode of communication or who require ASL to gain full access to the school environment can register to attend the Manitoba School for the Deaf which offers an ASL/English school environment.

Post-Secondary Disability Services

Most post-secondary institutions offer disability services for students with hearing loss. Disability Services offices help to arrange accommodations such as

- computerized notetaking
- interpreters
- closed-captioning
- amplification systems
- preferential seating
- tutoring
- other services

For further information, contact each post-secondary institution directly.

www.girlguides.mb.ca

Deaf Sports

For information on Deaf sports opportunities, contact:

Manitoba Deaf Sports Association

200 Main Street

Winnipeg MB R3C 1A8

Telephone: 204-925-5682 (TTY)

Fax: 204-925-5703

Email: mdsaprez@gmail.com

Get-Togethers

Organized by teachers of the Deaf and/or hard of hearing from schools in Winnipeg school divisions and from the Society for Manitobans with Disabilities, these are afternoon events offered twice yearly (fall and spring) that allow students to socialize with peers and role models who are Deaf and/or hard of hearing.

MSD Network Days

Organized by the MECY Outreach Team, these provide professional learning and socialization opportunities for school staff, students, and family members. For students, the focus is on social skills and interaction. For adults, workshops of various kinds are offered, and opportunities for interaction with others in the same situations are provided. Contact Mar Koskie at mar.koskie@gov.mb.ca.

Recreation Services for the Deaf

Don Zimmer, Recreation Technician

545 Watt Street

Winnipeg MB R2K 2S2

Telephone: 204-986-7756 (TTY)

Fax: 204-668-1896

Workshops

Canadian Association of Educators of the Deaf/Hard of Hearing (CAEDHH)

Annual workshops are held locally and a national workshop biennially in July. For further information, contact CAEDHH via the Manitoba School for the Deaf at 204-945-8934 or visit the CAEDHH website at www.caedhh.ca.

Central Speech and Hearing Clinic

The Central Speech and Hearing Clinic provides an annual cochlear implant conference, auditory-verbal therapy or FM workshops, and strategies for working with children in the classroom. For more information, please visit www.centralspeech.ca.

Manitoba Association of Visual Language Interpreters (MAVLI)

MAVLI holds workshops during the Special Area Groups (SAG) conference for signing educational assistants and ASL-English interpreters to improve their skills. For further information, visit www.mavli.com.

Manitoba Council for Exceptional Children (MCEC) Conference

Held each February, this conference offers a variety of workshops that encompass all aspects of special education (not specifically deafness). For more information, visit www.manitobacec.ca.

Manitoba Speech and Hearing Association (MSHA) Conference

Held each spring, this conference offers workshops relevant to speech-language pathologists and audiologists. For more information, call 204-453-4539, email office@msha.ca, or visit www.msha.ca.

SMD/WSD/MECY/Teacher of the Deaf Network Annual Fall Workshop

This annual workshop is held in October for parents and for school staff who have a student who is Deaf and/or hard of hearing in their school/division. For further information, contact Marion Bremner, SMD, at 204-974-3062.

Courses

American Sign Language (ASL) Courses

Courses are offered through Red River College, Deaf Centre Manitoba, and some school division continuing education programs. Please contact each service provider directly for further information regarding courses and fees.

ASL Courses for Children

The City of Winnipeg Leisure Guide also offers ASL courses for children on occasion. For more information, visit www.Winnipeg.ca/leisureonline.

Resources about Hearing Loss

General Information

Alexander Graham Bell Association American Society for Deaf Children

www.agbell.org

This website includes hearing loss information, technology information, education information, a bookstore, job listings, an online marketplace, an international directory, and various programs.

Beginnings: For Parents of Children Who Are Deaf or Hard of Hearing

www.ncbegin.org/

This website is geared towards parents, but information can also be used by teachers. It has unbiased information about the five main communication options for students who are Deaf and/or hard of hearing. It has information and statistics showing the importance of early intervention. This site includes information about various assistive technology, school issues, and tips for teachers. It also includes links to various sites.

Better Hearing Institute

www.betterhearing.org

This educational organization implements public information programs about hearing loss and medical, surgical, hearing aid, and rehabilitation services available.

Boys Town National Research Hospital (USA)

www.boystownhospital.org

This website provides clear information about hearing loss, newborn hearing screening, and childhood deafness. Click on “About Hearing Loss” to go to www.babyhearing.org.

Deaf-Blind Perspectives

www.tr.wou.edu/tr/dbp/

Deaf-Blind Perspectives is a free publication that includes articles, essays, and announcements about topics related to people who are Deaf-Blind.

Deaf Children’s Society of BC

www.deafchildren.bc.ca/

This website includes some basic tips and information for parents, a copy of the Society’s quarterly newsletter, and a bookstore.

Deaf Education

www.deafed.net/

This website geared towards teachers of the Deaf includes a Deaf Education search engine, teacher preparation programming information, a calendar and announcements, a job bank, articles, links, research project information, grant information, and technology links. It has US and Canada links and information. Registration is free.

Deaf Linx

<http://deaflinx.com/>

This website provides information regarding Deaf culture and American Sign Language.

Ear Foundation (UK)

www.earfoundation.org.uk

This website has a comprehensive list of answers to questions about the whole process of cochlear implantation. Click on FAQs under Research.

Early Support Programme (UK)

www.earlysupport.org.uk

This is the website for the UK Department for Education's Early Support Programme, which aims to improve services for children up to three years old with disabilities and their families. Some of the Early Support Programme materials are particularly relevant to families.

Hands and Voices

www.handsandvoices.org

This is a parent/professional collaborative support group that is unbiased towards communication modes and methods. They exist to help children who are Deaf and/or hard of hearing achieve their highest potential.

Hear It (International/European)

www.hear-it.org/

This non-commercial website was established and is run by the organization Hear-it AISBL to increase public awareness of hearing loss.

Help Kids Hear

www.helpkidshear.com

This site is for parents of children who are Deaf and/or hard of hearing. The section for children entitled "For the Kids" (www.helpkidshear.com/forthekids/index.html) offers games, chat services, and other resources.

House Ear Institute (HEI)

www.hei.org

The House Ear Institute (HEI) is a non-profit organization dedicated to advancing hearing science through research and education to improve quality of life.

Karen L. Anderson, PhD: Pediatric Audiology, Educational Audiology, Childhood Hearing Loss

www.kandersonaudconsulting.com/

Anderson provides information regarding hearing testing, audiology, and hearing loss.

Laurent Clerc National Deaf Education Center (Gallaudet University)

<http://clerccenter2.gallaudet.edu/>

This comprehensive website includes articles, publications (including downloadable magazines), a bookstore, educational resources, links, and information about projects (e.g., shared reading), events, Gallaudet University, communication, assistive devices, and technology.

Listen Up

www.listen-up.org/

This website includes educational resources, a comprehensive bookstore, links, children's pages, and other instructional/parent resources.

National Center for Hearing Assessment and Management (USA)

www.infanthearing.org

Based at Utah State University, the National Center for Hearing Assessment and Management provides information on newborn hearing screening and early intervention programs. Click on "Family Support."

National Institute on Deafness and Other Communication Disorders (USA)

www.nidcd.nih.gov

The institute conducts and supports research into hearing, balance, smell, taste, voice, speech, and language. Click on "Hearing, Ear Infections, and Deafness."

Oral Deaf Education

www.oralDeafed.org

This website includes information for parents who are interested in the oral approach for their children. It includes links to oral Deaf education schools.

National Technical Institute for the Deaf

www.ntid.rit.edu/ntidweb/resources.php

This comprehensive website offers a wealth of information on all topics related to hearing loss.

The Itinerant Connection

www.theitinerantconnection.com/page1.htm

This comprehensive website includes information on language development, audiograms, IEPs, communication and education options, standardized testing, adaptations, FM systems, and hearing loss, as well as a parent guide. There are also several links to various organizations and informational websites.

Amplification—Hearing Aids

Oticon Hearing Aids

www.oticon.com

This website features information about Oticon products, hearing loss, hearing aids, and how to prevent hearing loss.

Oticon Kids

www.otikids.com

This site has information for parents and children. The children's section features tips on hearing aid maintenance and use, as well as fun and informative games, puzzles, and stories.

Phonak Hearing Systems

www.phonak.com/

This website includes product information, care and maintenance information, information about hearing loss, a children's section, and a section for professionals. Also available are free downloadable *Oliver* books.

Siemens Hearing Instruments

www.siemens-hearing.com/

This website features information about Siemens products, hearing aid technology, and hearing loss.

Unitron

www.unitronhearing.com/

This website has an excellent interactive section for children. The children's section includes games, stories, activities, and information about the ear and hearing. The other sections of the website include resources, support, and information on hearing aids, hearing loss, and various Unitron products.

Widex

www.widex.com

This website includes resources and parent and educator information as well as information about hearing loss, the ear, and hearing aids. It also includes an online dictionary of terms related to audiology, hearing professionals, and hearing-aids. The kids' part of this website includes games, colouring pages, videos, cartoons, and sections on the ear, hearing aids, and how we hear.

Amplification—Cochlear Implants

Websites

Advanced Bionics

www.bionicear.com

This website has information about hearing loss, neural disorders, and cochlear implants. It has sections dedicated to parents, children, educators, and the classroom. The education section, “Tools for Schools,” includes an educator guide, tips for the classroom, and rehabilitation materials.

Cochlear

www.cochlear.com

This website includes information about cochlear implants and services and products available through the Cochlear company.

www.cochlear.com/HOPE

This page of the Cochlear site provides teacher support material and listings of courses.

The Listening Room

www.hearingjourney.com/listening_room

This website is sponsored by Advanced Bionics and offers tools for developing speech, language, and listening skills.

MED-EL

www.medel.com/us/index.php

This website includes information about hearing (including the anatomy of the ear and how to read audiograms), about hearing implants, and about the products and services available through MED-EL.

Working with Students Who Are Deaf/Using ASL

Websites

- **Lesson Tutor**
www.lessontutor.com/ASLgenhome.html
This website includes brief ASL lessons on topics such as greetings, the alphabet, body placement, numbers, and describing hair and eye colour. It also includes games, activities, links to other sites, and a discussion about ASL versus Signed English.
- **ASL University**
www.lifeprint.com
This online curriculum resource for ASL students, instructors, interpreters, and parents of children who are Deaf provides various lessons and resources including a dictionary, a listing of recommended books, and teacher tips. This site provides ASL signs that are pictures, rather than animated, so they are good to copy and paste if needed.
- **“ASL Pah!” A Journal for American Sign Language Students and Teachers**
<http://aslpah.com>
- **Surfing the Net with Kids**
www.surfnetkids.com/signlanguage.htm
- **ASL Browsers/Dictionaries:**
 - **American Sign Language Browser**
<http://commtechlab.msu.edu/SITES/ASLWEB/browser.htm>
This online ASL dictionary allows you to view signs online. Each word/sign has a short video of a person signing the word to show how it should be signed.
 - **Dr. Bill Vicars’ American Sign Language (ASL) Fingerspelling Practice Site**
<http://asl.ms/>
 - **ASLPro.com**
www.aslpro.com
This online dictionary was created as a free resource for classroom teachers, who can use it to make quizzes for their students’ use.

- **Signcasts: On ASL/English Bilingualism**
www.signcasts.com/node/119
 A video blog or vlog featuring an interview between Ryan Commerson and Dr. Laurene Simms.
- **Sign Language Materials/Fonts:**
 - **DLTK's ASL Alphabet Coloring Pages**
www.dltk-teach.com/alphabuddies/asl/index.htm
- **Deaf Performing Artists Network**
www.d-pan.com
 Popular music videos performed in ASL.
- **Deaf News Network**
<http://deafnn.wordpress.com>
 News presented in ASL.
- **Deaf News Network: Deaf & Sign Language Resources**
<http://deafnn.wordpress.com/2007/04/05/daedpaca-a-deaf-sign-language-resources/>
- **Online Deaf Web Directory**
www.deafwebsites.com

Subject-Specific Websites

- **Science – embe Outreach: American Sign Language for Physics**
<http://needsoutreach.org/Pages/sign-phys.html>
- **Literature – ASL Shakespeare Project**
www.aslshakespeare.org
- **Social Studies – Senate Educational Video**
www.parl.gc.ca/information/about/process/Senate/senateFilm/SenFilmToc-e.asp
 The Senate of Canada's nine-part educational video series is now available in American Sign Language (ASL). The video provides an overview of the Senate's role and structure and the work of senators in the Senate Chamber, in Committees, and around the country.
- **Home Economics – ASL Cooking**
www.deafnewspaper.com/home2007/jan/asl_cooking_01.html

Books/Videos/DVDS
