ACKNOWLEDGEMENTS

Manitoba Education, Citizenship and Youth acknowledges the individuals involved in the review and selection of learning resources to support provincial curriculum implementation. Appreciation is also extended to school divisions within Manitoba that support teachers' participation in the review. Finally, publishers, producers, and distributors are thanked for their submission of learning resources for consideration.

INTRODUCTION

Reference for Selecting Learning Resources

PHYSICAL EDUCATION/HEALTH EDUCATION GRADES 9 AND 10 LEARNING RESOURCES ADDENDUM is a reference tool provided by Manitoba Education, Citizenship and Youth to help educators select student and teacher learning resources to support the curriculum. Recommended learning resources may be purchased through the Manitoba Text Book Bureau (MTBB), and many of the titles may be borrowed from the Department's Instructional Resources Unit (Library).

The bibliography is arranged alphabetically by title, followed with indexes. The indexes may include audience, (for example, resource for teachers or resource for students), grade, distributor, category (for example, depth resource), and suggested use.

Learning Resources Reviews

Publishers submit resources for review in response to the Department's request for new learning resources to support provincial curricula. Teachers, nominated by superintendents of school divisions, are selected as teacher-evaluators. Using a collaborative review process, the teacher-evaluators examine the materials according to the resource-selection criteria to make recommendations regarding the suitability of the resources for Manitoba students and teachers.

Resource Selection Criteria

Learning resources are selected based on the basis of their fidelity with the rationale, philosophy, processes, and learning outcomes identified in each curriculum. Four evaluation criteria are used in selecting learning resources:

- **Curriculum Fit/Content/Philosophy:** the degree to which the content and processes of the resource align with the curriculum, thus providing support for curriculum implementation.
- **Instructional Design:** the degree to which the resource provides for multiple approaches to learning, has a wide range of use, is current, and reflects current pedagogical theory and practice.
- **Social Considerations:** the degree to which the resource is free of bias and stereotyping. The resource is examined for Canadian content, the use of culturally diverse examples, and accurate portrayal of First Nations, Inuit, and Métis peoples. Cautionary notes are added to alert teachers to potentially sensitive curriculum-fit issues or potential community concerns related to the resource.
- **Technical Design:** the degree to which the resource is visually appealing and has a logical and consistent form.

When selecting learning and teaching resources, teachers should consider how the resources meet the learning requirements of students, the perspectives of the student population, and local decisions related to the delivery of potentially sensitive content.

Terms and Definitions

The following terms and definitions are used to describe the learning resources:

- **Breadth:** identifies learning resources that address a wide range of student learning outcomes for a particular grade.
- **Depth:** identifies learning resources that provide effective learning experiences in greater detail for a narrower grouping of student learning outcomes.
- **Breadth and Depth:** identifies comprehensive learning resources that provide both breadth and depth dimensions for an extensive grouping of student learning outcomes.
- **Teacher Reference:** identifies resources that assist teachers in implementing the curriculum, including background information for teacher use; may identify teaching suggestions and learning activities.
- **Teacher Guide:** identifies a separate guide for teachers or a teacher's edition of a **Student Text**.

Purchase of Learning Resources

The learning resources described in the bibliography are available for purchase through the *Manitoba Text Book Bureau Catalogue of Learning Resources*. For information or assistance regarding the purchase of learning resources, contact:

The Manitoba Text Book Bureau (MTBB)

Box 910

Souris, MB R0K 2C0

	K	1	2	3	4	5	6	7	8	9	10	11	12
Health										✓	✓	✓	✓
Physical Education										✓	✓	✓	✓

This comprehensive set of current Canadian resources focuses on the study of exercise science, including anatomy, physiology, biomechanics, motor learning and control, and sport psychology. The resources in the package (Student Edition, Teacher's Guide, and Graphic Package [CD-ROM]) include diverse cultural representations in pictures and diagrams. The text is gender-balanced, features Canadian athletes, and includes dynamic, colourful illustrations, graphics, statistics and charts. Assessment content in the teacher and student resources is consistent with the recommendations in *Guidelines for Fitness Assessment in Manitoba Schools: A Resource for Physical Education/Health*

Education (Manitoba Education, Citizenship and Youth, 2004). The nutrition information refers directly to *Eating Well with Canada's Food Guide*.

There is a strong match between these resources and the Manitoba curriculum, particularly GLOs 1, 2, and 5 for grades 9 and 10. For grade 11 module B, Fitness Management and Module D, Social Impact of Sport, are well represented, but limited in Module C, Mental Emotional Health. For Grade 12 Module C Nutrition is well represented.

Food for Today, First Canadian Edition

Publisher : McGraw-Hill Ryerson

Subject/ Grade

	K	1	2	3	4	5	6	7	8	9	10	11	12
Health											✓		✓
Physical Education											✓		✓

This Canadian resource includes a student text, teacher's resource and CD-Rom of BlackLine Masters and PDF files of the teacher's resource. The resource provides age appropriate discussion of nutrition and covers most of the Grade 12 nutrition outcomes and some of the grade 10 nutrition outcomes. It is full of easy to read diagrams, charts, illustrations, and statistics.

There is diverse cultural representation present in pictures, diagrams and content, including First Nations, Métis and Inuit perspectives. The focus is on active well being for all, not just the sports athlete. There is a strong match between the resource and Module C Nutrition of the grade 12 curriculum.

This resource contains some useful learning activity ideas and is suitable if looking for ready-made lessons.

Healthy Active Living

Publisher : Thompson Educational Publishing

Subject/Grade

	K	1	2	3	4	5	6	7	8	9	10	11	12
Physical Education										✓	✓		
Health										✓	✓		

Healthy Active Living, a Canadian resource, is composed of a teacher's manual, with accompanying CD-Rom of PowerPoint presentations available with the purchase of a minimum of five student texts. (The student activity handbooks 9 & 10 are ineligible as they are of a consumable nature.)

This resource addresses GLOs of grades 9 and 10 with the greatest emphasis on GLO's 2 and 5. A particular strength of the resource is the fitness management section which will serve physical educators well. The drug use and abuse section is well detailed.

Outcomes related to movement and safety are less detailed. Because the content directly supports the Ontario curriculum, there is not a direct fit for the Manitoba curricula, but sections are useful as a teacher resource for grades 9 and 10. The unit dealing with physical activities and sport provide only basic information about each activity/sport that teachers would need to supplement with in-depth resources.

Caution: The potentially sensitive content includes reproductive system anatomy, substance abuse prevention, sexual exploitation and assault, HIV and AIDS information, sexual orientation, prevention of STIs. Decisions related to choice of learning resources, grade-appropriateness, and depth and breadth of potentially sensitive content are determined at the local school/division level.

Human Sexuality

Publisher : McGraw-Hill Ryerson

Subject / Grade

	K	1	2	3	4	5	6	7	8	9	10	11	12
Health										✓	✓		

Human Sexuality, a Canadian resource, consists of a student text and teacher's resource suitable for grades 9 and 10, GLO 5, strand E, Human Sexuality. A strength of the resource is that it sequentially follows the human sexuality curriculum. There are lesson plans, health skill activities, did you know questions, and chapter reviews. The information is both current, Canadian, and allows for diversity in sexual relationships. The resource uses a well designed layout and attractive illustrations that would engage students. The soft cover student resource is attractive and user-friendly. Less user-friendly is the layout of the teacher manual, but the information is good.

Caution: The resource contains potentially sensitive information on human sexuality and sexual orientation. Decisions related to choice of learning resources, grade-appropriateness, and depth and breath of potentially sensitive content are determined at the local school/division level.

	K	1	2	3	4	5	6	7	8	9	10	11	12
Physical Education										✓	✓	✓	✓
Health										✓	✓	✓	✓

The world of recreation and fitness leadership supports many facets of the grade 9 to 12 curricula; for instance, grades 9 and 10 GLOs 2, 3, 4, and 5 are exceptionally well covered.

For grade 11, Module B Fitness Management and Module C Mental and Emotional Health, the text meets all the outcomes present in the grade 11 curriculum.

For grade 12, Module B Fitness Management, Module C Nutrition, and Module D Personal and Social Development are highly supported by the content of this resource. Extensive Canadian content is present including Canadian athletic role models, illustrations, history, gender equity, cross cultural perspectives. The nutrition information refers directly to *Eating Well with Canada's Food Guide*.

The soft cover student resource is visually engaging for students, and would stimulate student curiosity. Website links are supplied for further research, but have not been reviewed. End of chapter questions stimulate class discussion and inquiry, and are applicable for assessment. Teachers will find a section with valuable information relating to leadership development. With the purchase of five student texts, access is granted to the Question Bank CD, a useful resource for teachers. The authoritative authors share their wealth of knowledge and experience to create a text with rich presentation and curriculum content.
