A C K N O W L E D G E M E N T S

Manitoba Education acknowledges the individuals involved in the review and selection of learning resources to support provincial curriculum implementation. Appreciation is extended also to school divisions within Manitoba that supported teachers' participation in the review. Finally, publishers, producers, and distributors are thanked for their submission of learning resources for consideration.

Reference for Selecting Learning Resources

GRADE 10 AMERICAN HISTORY LEARNING RESOURCES is a reference tool provided by Manitoba Education to help educators select student and teacher learning resources to support the curriculum. Recommended learning resources may be purchased through the Manitoba Text Book Bureau (MTBB), and many of the titles may be borrowed from the Department's Instructional Resources Unit (Library).

The bibliography is arranged alphabetically by title, followed with indexes. The indexes may include audience, (for example, resource for teachers or resource for students), grade, distributor, category (for example, depth resource), and suggested use.

Learning Resources Reviews

Publishers submit resources for review in response to the Department's request for new learning resources to support provincial curricula. Teachers, nominated by superintendents of school divisions, are selected as teacher-evaluators. Using a collaborative review process, the teacher-evaluators examine the materials according to the resource-selection criteria to make recommendations regarding the suitability of the resources for Manitoba students and teachers.

Resource Selection Criteria

Learning resources are selected based on the basis of their fidelity with the rationale, philosophy, processes, and learning outcomes identified in each curriculum. Four evaluation criteria are used in selecting learning resources:

- **Curriculum Fit/Content/Philosophy:** the degree to which the content and processes of the resource align with the curriculum, thus providing support for curriculum implementation.
- **Instructional Design:** the degree to which the resource provides for multiple approaches to learning, has a wide range of use, is current, and reflects current pedagogical theory and practice.
- **Social Considerations:** the degree to which the resource is free of bias and stereotyping. The resource is examined for Canadian content, the use of culturally diverse examples, and accurate portrayal of First Nations, Inuit, and Métis peoples. Cautionary notes are added to alert teachers to potentially sensitive curriculum-fit issues or potential community concerns related to the resource.
- **Technical Design:** the degree to which the resource is visually appealing and has a logical and consistent form.

When selecting learning and teaching resources, teachers should consider how the resources meet the learning requirements of students, the perspectives of the student population, and local decisions related to the delivery of potentially sensitive content.

Terms and Definitions

The following terms and definitions are used to describe the learning resources:

- **Breadth:** identifies learning resources that address a wide range of student learning outcomes for a particular grade.
- **Depth:** identifies learning resources that provide effective learning experiences in greater detail for a narrower grouping of student learning outcomes.
- **Breadth and Depth:** identifies comprehensive learning resources that provide both breadth and depth dimensions for an extensive grouping of student learning outcomes.
- **Teacher Reference:** identifies resources that assist teachers in implementing the curriculum, including background information for teacher use; may identify teaching suggestions and learning activities.
- **Teacher Guide:** identifies a separate guide for teachers or a teacher's edition of a **Student Text**.

Purchase of Learning Resources

The learning resources described in the bibliography are available for purchase through the *Manitoba Text Book Bureau Catalogue of Learning Resources*. For information or assistance regarding the purchase of learning resources, contact:

The Manitoba Text Book Bureau (MTBB)

Box 910

Souris, MB R0K 2C0

American History is an informative and interesting textbook which supports the Manitoba grade 10 American History curriculum. It is well organized and chronological and weaves together several themes in American history. The text is engaging and written at or slightly above grade level. It is supported by “Study Halls,” with questions ranging from activating, acquiring, to applying. The assignments offer students a variety of creative activities which support differentiated learning. Each chapter ends with a “Historian’s Craft,” activity which applies historical thinking skills with creative activities. These activities also encourage students to use a variety of communication skills. The text is supplemented with a wide variety of images such as art work, charts, maps, political cartoons, charts, graphs, photographs, and primary documents. *American History* is well designed and student-friendly text supported by a straightforward and practical teacher’s guide. Blackline masters are available on a CD-ROM.

The *Atlas of American History* is a good supplemental resource for the grade 10 American History Course. Each section of the atlas is prefaced by a brief historical overview of the period. There are a variety of clear, concise maps- political, economic, and historical. In addition there are timelines, charts, and graphs to provide further information about the period. The teacher’s guide offers practical and differentiated activities ranging from basic factual questions, discussion strategies, and creative projects. Blackline masters are available on a CD-ROM.
