

INCLUSION SUPPORT BRANCH

Online Resources for Manitoba Educators

The following online resources are provided to educators across the province to support classroom activities, curriculum implementation, educational research, and professional learning.

Online Journals | A collection of journals with a specific focus on K-12 professional development topics.

eBooks/eAudiobooks | More than 2000 electronic books and audiobooks covering a wide range of grades and subjects.

Video Streaming | Multiple K-12 curriculum correlated videos that can be streamed directly to a classroom.

Alternate Formats Collection

This collection is comprised of school texts and supplemental reading materials produced in audio, braille, large print and electronic text formats. Alternate format materials are available for loan to eligible students with print disabilities.

Alternate Formats Online | Download hundreds of MP3 audiobooks and e-text files direct to a computer or portable device. These titles are available for loan to eligible students with print disabilities.
