MINIMUM 30 CREDITS

The Senior Years Technology Education Program Diploma requirements consists of 17 compulsory credits, plus 8 compulsory senior years technology education credits from an approved cluster of technical-vocational education, applied commerce education or High School Apprenticeship Program (HSAP), plus 5 optional credits.

8 COMPULSORY TECHNOLOGY EDUCATION CREDITS

- Students must complete a minimum of 8 approved credits from within an approved technical-vocational education or applied commerce education cluster or High School Apprenticeship Program.
- Students must fulfill the minimum 30-credit graduation requirement by completing 5 credits from the optional category.

5 OPTIONAL CREDITS

Five credits from subject areas such as:

- English language Arts (additional courses for credit)
 - mathematics (additional courses for credit)
 - sciences (additional courses for credit)
 - social studies (additional courses for credit)
 - French (English Program)
 - other languages
 - arts education: visual arts, music, drama, and dance
 - career development
 - human ecology
 - applied technology
 - senior years information and communication technology (ICT)
 - senior years technology education: applied commerce, High School Apprenticeship Program (HSAP), technical-vocational education
 - others as offered by the school, including School-Initiated Courses (SICs) and Dual Credits
 - others as initiated by the student, including Student-Initiated Projects (SIPs) and Special Language Credit Options (SLCOs)
 - Private Music Option credits (PMOs) and Cadet credits are recognized as additional credits beyond the minimum 30 credits required for high school graduation.
- See your school for a complete list of course offerings.

NOTES

- 1 Senior Years Technology Education French Immersion and Français Program Diplomas are available to French language learners.
- 2 Credit cannot be held concurrently for the same course with different course designations (e.g., English Language Arts 10F and 10E).
- 3 Non-Manitoba courses from other jurisdictions may be evaluated and accepted by the school principal for credit to meet Manitoba high school graduation requirements.
- 4 In exceptional circumstances and in discussion with parents or caregivers, a school administrator may approve the substitution of a maximum of two optional credits for two compulsory credits. All substitution of credits must be reported to Education Administration Services.
- 5 Students following Advanced Placement (AP) or International Baccalaureate (IB) programs must meet the Manitoba graduation requirements, including attaining credits in

40S English language arts and mathematics, and must write the provincial tests associated with these courses.

6 ELA: Language and Technical Communication 40S/E/M may be used to satisfy the Grade 12 English language arts requirement for the Senior Years Technology Education Program diploma.

7 To complete a High School Apprenticeship Program as part of a Senior Years Technology Education Program diploma, students must complete the 17 compulsory requirements and 8 approved High School Apprenticeship Program credits, along with the 5 optional credits.

8 Students (except those in HSAP) must complete a minimum of two Grade 11 credits and two Grade 12 credits within the approved technical-vocational or applied commerce education cluster.

9 Students may obtain credit for a maximum of 11 SICs, 3 SIPs, 4 SLCOs, and 4 PMOs.

10 Students should ensure that they meet the entrance requirements of the post-secondary education (college or university), training, or employment they intend to pursue.
