

PREVENTATIVE MAINTENANCE
VEHICLE INSPECTION REPORT "A"

Date _____ Unit # _____

Odometer Reading _____ Engine Hours _____

S = Satisfactory U = Unsatisfactory

		S	U			S	U			S	U
LIGHTS			STARTING / CHARGING				FRONT SUSPENSION				
Headlights - high/low			Cranking				Springs				
Park - front/rear			Charging				Kingpins/ball joints				
Signal - front/rear			Bearings				Shocks - leakage				
Back-up			CLUTCH				U-bolts				
Stop			Action				Spring anchor pin				
Warning (loading)			Free play adjustment				Shackles				
Clearance/strobe			Release bearing				Wheel bearings/oil lvl				
Dash			Linkage				STEERING LINKAGE				
Dome			BATTERY				Tie rod ends				
Stepwell			Carrier - hold down				Drag link				
Stop arm/operation			Cables				Gear box				
Hazard/emergency			Case				Wheel stops				
School bus sign							Steering wheel lash				
ENGINE OIL			BRAKE SYSTEM				U-joints				
Level/condition			Master cylinder				DRIVE SHAFT				
Oil sample testing			Brake fluid condition				Hanger bearings:				
MISCELLANEOUS			Brake force				Front				
			Pressure diff. warning				Centre				
			Brake booster oper.				Rear				
Draft tube			Electric assist				U-joints				
Engine mounts			Lines/hoses				UNDERCARRIAGE				
Flooring			Park brake operation				Crossmembers				
Stepwell/handrail			Park brake warning				Body mounts				
Horn			COOLING SYSTEM				Wheels:				
Instruments											Lugs
Heater motor operation			Radiator				Rims				
			Hoses				DIFFERENTIAL / LEAKS				
Windshield wiper:			Water pump				Pinion seal				
Operation			Belt/condition				Gasket				
Arm tension			Engine fan/clutch				Breather				
Blade condition			Surge tank				Axle seals				
Windshield washer:			Coolant level/leaks				AIR INTAKE/FUEL SYSTEM				
Level			Coolant strength (-)°C				Air cleaner/filter				
Operation			Long Life SCA level []				Air intake piping				
Seats			Ext. life coolant tests				Fuel lines				
Starter interlock oper.							Fuel tank barrier				
Thermopanes/glass			TRANSMISSION				Fuel tank				
Interior panels/trim			Leaks				Fuel filter(s)				
Entrance door:			Fluid level/condition				Fuel leaks				
Seal			Neutral safety switch				TIRES				
Operation			POWER STEERING				Condition				
EMERGENCY EXITS			Leakage pump				Alignment				
Warning			Steering gear				EXHAUST SYSTEM				
Operation			Hoses				Front pipe				
Labels			Reservoir				Muffler/DPF				
Rear door seal condition			REAR SUSPENSION				Turbo				
SAFETY EQUIPMENT			Springs/air bags				Manifolds				
First aid kit			Shocks - leakage				Brackets				
Fire extinguisher			Anchor pins				Clamps				
Fire axe/crowbar			Shackles				Tail pipe				
Reflectors			U-bolts				W/C LIFT				
Seat belt			BODY CONDITION				Operation				
Seat belt cutter			Paint peeling/fading				Leaks				
Mirrors/sun visor			Rust				Condition				
Crossing arm			COMMENTS / DEFECTS				INSPECTED BY:				
SCHOOL BUS LOG BOOK											
Last Entry Date		D	M	Y							
Defects Listed:											
Yes			No			Nil
