Mahalia Aquino

Grade 8

Social Studies:

Mahalia was able to demonstrate her understanding of her own culture within our Manitoba community with a video presentation she prepared. She interviewed her grandparents and compared our family's history with the stories she observed at the Canadian Museum for Human Rights.

Mahalia was challenged when watching CBC's 8th Fire series and learning about reconciliation. She will continue this with an online course from [www.jhcentre.org/reconciliation-in-schools](http://www.jhcentre.org/reconciliation-in-schools). We are continuing to use "World Today: People and Places" and use resources from the author Donna Ward.

Part of Mahalia's study each year is learning more about countries we have visited or something about one that she would like to visit. This year, because of her love of soccer, it was Argentina. We all learned about some of its colonial past. Mahalia made some of the food, played some of the music and read about the country's history and geography. She especially enjoyed learning about Eva Peron.

It is wonderful to see how the thoroughness of her research is growing each year and the questions she asks are more interesting. We hope Mahalia will use her research skills when planning our family trip to Colorado next year.
