BLM ICT.11#1: Web Page Design: Observation Chart

Evaluation Group Members

Observe the appearance of a selected website.
- Consider the bulleted items in each category listed below when noting the characteristics or features that you find helpful, that are attractive, or that make it easier to locate information at a glance or navigate the website. Record your observations and assessments.
- Rate the website characteristics on a scale of 1 (low) to 4 (high).

Website Title   Date

URL
