*Note

For insurable earnings above this amount, determine the employee's EI premium as follows:

- (1) Enter the employee's insurable remuneration payable now (that includes for example: taxable benefits, bonuses, overtime, accumulated overtime, retroactive pay increases, retiring allowances, and other insurable earnings) \$ _____
 - (2) Multiply by:
the premium rate for the year 0.0290
 - 3) ** EI Premium for the pay period,
item (1) times item (2) \$ _____
- ** The maximum is \$1,131. Stop deducting EI premiums when the employee reaches the maximum premium for the year.

Employer

The employer premium is 1.4 times the employee's premium (unless a reduced rate applies).

*Remarque

Pour la rémunération assurée excédant ce montant, faites le calcul suivant pour déterminer la cotisation d'AE de l'employé.

- 1) Entrez la rémunération assurée de l'employé payable maintenant (incluant par exemple: avantages imposables, gratifications, rémunération d'heures supplémentaires et de celles accumulées, augmentations de salaire rétroactives, allocations de retraite et autre rémunération assurée) \$ _____
 - 2) Multipliez par:
le taux annuel de la cotisation 0.0290
 - 3) ** La cotisation d'AE pour la période de paie,
point 1) fois point 2) \$ _____
- ** Le maximum est de 1 131\$. Cessez de retenir les cotisations d'AE lorsque l'employé aura atteint le montant maximal annuel de la cotisation.

L'employeur

La cotisation de l'employeur est égale à 1,4 fois la cotisation de l'employé (sauf si une réduction du taux des cotisations s'applique).

Yearly maximum insurable earnings are \$39,000

Yearly maximum employee premiums are \$1,131

Le maximum annuel de la rémunération assurée est de 39 000 \$

La cotisation maximale annuelle de l'employé est de 1 131 \$
